Lemon-Aid Used Cars and Trucks 2012-2013 Phil Edmonston, 2012-05-19 Lemon Aid guides steer the confused and anxious buyer through the economic meltdown, unlike any other car and truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon Aid Used Cars and Trucks 2012-2013 has the answers, including more vehicles rated with some redesigned models that don't perform as well as previous iterations, downrated more roof-crash worthiness ratings, along with an expanded cross-border shopping guide. A revised summary of safety and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix, as well as an updated list of the best and worst beaters on the market. More secret warranties taken from automaker internal service bulletins and memos than ever. **The Karmic Car Cycles** Cliff Livingstone, 2009-08

The universally themed book titled *The Karmic Car Cycles* is a hilarious romp of car related misadventures by the author protagonist Cliff R Livingstone. The book hits the ground running and is still running at the end. Having led one of the wackiest most unusual and so far unlikely lives on the planet, the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of about ten laughs a second. The author proposes that his car misadventures occurred because he had a Karmic Car Cycle going on. He then builds the case through a series of hilarious vignettes that work in their right own over and above the narrative. In writing it is hard to find an approach that stands out from the crowd. But this is what Livingstone has done with this distinctive work which lives up to its billing as a non stop romp morning noon and night. The writing style is uproariously funny, conversational, wry, even whimsical at times and is never less than totally entertaining. The book is anything but your standard bowl of cornflakes. Writing is about addressing other people. Mr Livingstone has accurately identified the things about his life's experiences which could be of interest to others. This gives the *Karmic Car Cycles* a more universal appeal than an average straight forward narrative novel might offer. The book also has a universal appeal which everyone can enjoy in the sense that while located mainly in Canada, the misadventures could just as easily have happened to anybody anywhere in the world, whether rich, poor, male, female, sane, zany or just plain still in their boots. Likewise, the author's self imposed criterion that all included material be entertaining and or thought provoking for the benefit of others is a rule from which many writers could benefit.
