led to an alternative world an environment created and controlled by the elite covert team and only inhabited by the undercover officers and their targets The subterfuge encouraged the terrorist targets into believing Fulton was working for a Plymouth based criminal firm over a period spanning almost two years In that time over fifty thousand hours of conversations between the firm members were secretly recorded and used to bring the killer and one of his followers to justice This unique story is told by former undercover officer Mark Dickens who was part of the elite team of Operation George undercover detectives This deception is one of the most remarkable covert policing operations the world has ever known Together with pioneering Operation Julie undercover officer and bestselling author Stephen Bentley they have written a gripping account of a unique story reminiscent of the premise of The Sting film combining a true crime page turner with a fascinating insight into early 21st century covert policing
