The Political Mel Brooks Samuel Boerboom, Beth E. Bonnstetter, 2019-06-07 The Political Mel Brooks analyzes both Mel Brooks s more popular films and his lesser known work to explore how his use of parody and satire his keen sense of the history of Jewish comedic conventions and his deep awareness of social issues encompasses a political project that while often implicit nonetheless speaks to the enduring political and social impact of his films Brooks s work often employs a nuanced political style that acts as a social commentary against those in power and in favor of oppressed and misunderstood persons This volume emphasizes Brooks s political legacy and his masterful use of parody and satire to craft sophisticated political critiques of dominant culture Contributors illustrate in a practical and accessible way how to explore how comedic films and television series can employ parody and satire not just to mock generic conventions but also dominant political ideologies Scholars of media film pop culture political science and communication studies will find this volume especially useful

The Rhetoric of Race Maria del Guadalupe Davidson, 2011-11-28 The Rhetoric of Race Toward a Revolutionary Construction of Black Identity analitza el llegat dels principals estudiosos de la identitat afroamericana W E B Du Bois Alain Locke i Amiri Baraka El prop sit d aquest volum s investigar i criticar les seues idees per tal de mostrar fins a quin punt els

seus esforços a l'hora de crear una definició de la identitat negra no foren tan fructífers com es podria pensar. El llibre tracta d'elaborar una definició revolucionària de la identitat emmarcada dins les següents posicions teòriques i exigència del reconeixement d'un passat de sofriment i la replicació d'all negatiu respecte a l'afroamericà i la crida resposta com a forma de comunicació negra. Tot fent servir la retòrica com a punt de partida, s'intenta justificar aquesta construcció des de les posicions filosòfiques defensades per Michel Foucault i Gilles Deleuze. Les idees de Foucault són la base per analitzar les possibilitats que inclou aquesta identitat negra de resistència davant el poder, mentre que les de Deleuze són tils a l'hora d'investigar el replegament cap a si mateix que aquesta identitat realitza per a crear un espai intern. Tot i que forma part d'all extern, aquest espai intern esdevé punt de trobada de tots els aspectes històrics d'aquesta identitat, ja que parla del que ha estat i serà una altra banda. S'argumenta ací que aquesta trobada interna amb les seues múltiples parts porta aquesta identitat a projectar un jo positiu quan ha d'afrontar all extern. L'anàlisi de les idees d'investigadores afroamericanes com ara Barbara Smith i bell hooks fa de conclusió. El capítol 5 exposa les conclusions a les quals arriba aquest estudi: s'hi analitza la importància de la música hip hop dins el món contemporani per a la comunitat afroamericana. Per la seua força cultural i lingüística, el hip hop posseeix el potencial necessari per a construir una idea positiva del que s'és negre als Estats Units per a la joventut afroamericana actual.

One-Party Classroom David Horowitz, Jacob Laksin, 2009-03-10 David Horowitz has single handedly exposed the intellectual corruption that exists within the classrooms of American colleges. Like all forms of corruption, indoctrination flourishes when kept in the dark. Here Horowitz turns on the bright lights to expose what has become profoundly wrong with our colleges and universities. We are all in his debt. Ward Connerly, former regent, University of California. David Horowitz and coauthor Jacob Laksin take us inside twelve major universities where radical agendas have been institutionalized and scholarly standards abandoned. The schools they examine are not the easily avoided bottom of the barrel. Rather they are an all too representative sampling of American higher education today. Horowitz and Laksin have conducted the first comprehensive in depth multiyear investigation of what is being taught in colleges and universities across the country, public to private, from large state schools to elite Ivy League institutions. They have systematically scrutinized course catalogs, reading lists, professors' biographies, scholarly records, and the first person testimonies of students, administrators, and faculty. Citing more than 150 specific courses, they reveal how academic standards have been violated and demonstrate beyond dispute that systematic indoctrination in radical politics is now an integral part of the liberal arts curriculum of America's colleges. The extreme ideological cant that today's students are being fed includes promoting Marxist approaches as keys to understanding human societies, with no mention of the bloody legacy of these doctrines and total collapse in the real world of the societies they created. Instilling the idea that racism, brutally enforced by a white male patriarchy, to oppress people of color and other marginalized groups has been the organizing principle of American society throughout its history and into the present. Requiring students to believe that gender is not a biological characteristic but a

socially created aspect of human behavior designed by men to oppress women Persuading students that America and Israel are imperialistic and racist states and that the latter has no more right to exist than the South African regime in the days of apartheid In page after shocking page Horowitz and Laksin demonstrate that America s colleges and universities are platforms for a virulent orthodoxy that threatens academic ideals and academic freedom In place of scholarship and the dispassionate pursuit of truth that have long been the hallmarks of higher learning the new militancy embraces activist zealotry and ideological fervor In disturbingly large segments of today s universities students are no longer taught how to think but are told what to think
