Healing From The Anguish Of Favoritism:

Healing from the Anguish of Favoritism James Offutt, 2014-10-15 We all will encounter some form of favoritism during our lives in our family church or workplace Favoritism becomes destructive to everyone when an authority devotes most of his or her attention praise and rewards solely to the favored one called intentional favoritism The unfavored and overlooked ones often feel deep anguish from the favoritism that can follow them the rest of their lives Even the favored one and the initiating authority suffer from its affects Jim Offutt has written this book to help each party in the favoritism cycle find true healing through God's help and direction Offutt discusses such helpful concepts as rotating favoritism sibling loyalty and using cooperation to diminish favoritism Also the book discusses the favor of God and how to gain it for yourself Jim teaches on anger conflict and bitterness at Syracuse Teen Challenge and speaks on these topics in churches and conferences His books include Anger Reconciliation and From Bitterness to Reconciliation Whether you are a favorite unfavored one or overlooked one this book will help you deal with your situation

Healing Corrections Chris Innes, 2015-05-22 Unlike critics who see the organizational cultures of prisons jails and community correction agencies as a problem that needs to be fixed with simple sounding reforms Chris Innes argues instead that these types of organizational cultures are adaptive and a source of strength that can be used to genuinely transform them He shows how operational priorities including safety and security become much more difficult to sustain when organizational cultures become fragmented into disconnected subcultures To transform an organizational culture he argues this fragmentation must be healed by changing the patterns of communication that make up the day to day reality of an organization's culture Innes advocates an innovative approach based on the skills and practices of dialogue He describes in detail how Dialogic Practice can be used to transform organizational cultures through an implementation process that begins with the leadership and

cascades through the organization as an expanding circle as staff are trained and become engaged in the process Innes draws upon the research and policy literature in several fields the contemporary national debate on the role of the justice system in American society and his own experience during the last forty years in correctional research and policy and in working directly with correctional agencies This innovative approach to transforming organizational cultures will interest correctional decision makers administrators researchers and graduate students in criminal justice advocates and others who manage mission driven human services organizations [Making Adult Stepfamilies Work](#) Grace Gabe, Jean Lipman-Blumen, 2005-08 If you are among the growing number of families in which adults with grown children have remarried later in life you are probably familiar with the conflicts and complicated emotional dynamics that can result Parents expect that remarrying will be easier because the children are grown up But the reality is that these remarriages can cause painful struggles between parents and their adult children Based on in depth research by a psychiatrist and a sociologist Step Wars trains a revealing lens on the sources of these conflicts and teaches the skills required to manage them Topics include Your Children and Mine Can They Ever Become Ours What Will Happen to the Family Home Who Should Inherit My Property Managing Financial Conflict Between Generations Health and Illness Thank Heaven the Caretaker Is on Duty The Grandchildren Pawns or Bridges Written for both the couple getting married as well as their adult children Step Wars is a road map for happily surviving remarriage later in life **Step Wars** Grace Gabe, Jean Lipman-Blumen, 2004-04-08 A guide for adult stepchildren whose parents are remarrying later in life addresses such topics as inheritance disputes health care issues the impact of later life marriages on grandchildren and family celebrations *The Complete Book of Bible Quotations from the Old Testament* Mark L.
