cultural context in which participants sacred experience of self unfolds However this requires participants to do the work to properly understand and ultimately embody the values associated with the brand This book raises important questions about the role of branding and music in forming modern sacred identities As such it will be of great interest to scholars of Religious Studies Ethnomusicology and Media Studies **Music, New Media and the Archive** Sarah Kirby, 2025-10-29 This book explores the representation and application of music and new media in the archive Its case studies interrogate twentieth and twenty first century musical engagements with new media ranging from notation recording and broadcast technologies to new analogue and electronic instruments exploratory sound making techniques and experimental compositional practice The chapters each consider how these developments are reflected or preserved in documentary sources or conversely how archived materials relating to music and sound might be effectively combined with innovations in practice today A timely investigation as music archives globally are challenged by researching conserving and creatively engaging with the new media of their collections this book provides opportunities to assess the impact of the archive on our understanding of music and new media through both historical and contemporary approaches The Spirit of Praise Monique M. Ingalls, Amos Yong, 2015-06-18 In *The Spirit of Praise* Monique Ingalls and Amos Yong bring together a multidisciplinary scholarly exploration of music and worship in global pentecostal charismatic Christianity at the beginning of the twenty first century The Spirit of Praise contends that gaining a full understanding of this influential religious movement requires close listening to its songs and careful attention to its patterns of worship The essays in this volume place ethnomusicological theological historical and sociological perspectives into dialogue By engaging with these disciplines and exploring themes of interconnection interface and identity within musical and ritual practices the essays illuminate larger social processes such as globalization sacralization and secularization as well as the role of religion in social and cultural change Aside from the editors the contributors are Peter Althouse Will Boone Mark Evans Ryan R Gladwin Birgitta J Johnson Jean Ngoya Kidula Miranda Klaver Andrew Mall Kimberly Jenkins Marshall Andrew M McCoy Martijn Oosterbaan Dave Perkins Wen Reagan Tanya Riches Michael Webb and Michael Wilkinson **Billboard** , 2001-11-03 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Worship by the Book* Rev. Mark Ashton, R. Kent Hughes, Timothy Keller, 2010-06-01 What is at stake is authenticity Sooner or later Christians tire of public meetings that are profoundly inauthentic regardless of how well or poorly arranged directed performed We long to meet corporately with the living and majestic God and to offer him the praise that is his due D A Carson Worship is a hot topic but the ways that Christians from different traditions view it vary greatly What is worship More important what does it look like in action both in our corporate gatherings and in our daily lives These concerns the blending of principle and practice are what *Worship by the Book*

addresses Cutting through cultural clichés D A Carson Mark Ashton Kent Hughes and Timothy Keller explore respectively Worship Under the Word Following in Cranmer's Footsteps Free Church Worship The Challenge of Freedom Reformed Worship in the Global City This is not a comprehensive theology of worship writes Carson Still less is it a sociological analysis of current trends or a minister's manual chockfull of how to instructions Rather this book offers pastors other congregational leaders and seminary students a thought provoking biblical theology of worship followed by a look at how three very different traditions of churchmanship might move from this theological base to a better understanding of corporate worship Running the gamut from biblical theology to historical assessment all the way to sample service sheets Worship by the Book shows how local churches in diverse traditions can foster corporate worship that is God honoring Word revering heartfelt and historically and culturally informed
