Oklahoma: Our History Our Home

Chapter 12: Creating the 46th State

Section 1

Growth in the Territories

Directions:

Use the information from pages 298 - 307 to complete the following.

1. Activity across both Indian Territory and Oklahoma Territory was occurring at a fevered pace.
2. While people fueled the settlement of America and Oklahoma, railroads played a large role in making it happen at a faster rate.
3. The first railways in England and in America consisted of wagon drawn by horses over wooden rails.
4. In 1829, George Stephenson won a contest in England for building the fastest steam-powered locomotive.
5. American engineers quickly put the technology to work, and railroads soon became a leading industry that spread across the country.
6. profits were made from the sale of coal, asphalt, and timber, but the railroads also brought losses in the form of forever-changed lifestyles.
7. A railroad almost guaranteed growth for a community, and towns that were bypassed found it hard to compete.
8. Much of Oklahoma's wealth of cotton, cattle, horses, mules, wheat, fruit, corn, produce, and minerals were exited out of the state from the freight yards at what is now called Bricktown.
9. Machinery, hardware, farm implements, wagons, and household goods were among the seemingly endless items carried on the impound rains.
10. In 1902, the Frisco Railroad made Sapulpa its division headquarters.
11. An electric light franchise was soon approved, and a new waterworks system was built.
12. The Railroad brought rapid growth, and by 1903, new businesses included a meat packing house, ice plant, wagon factory, bottling works, and a brick plant.
13. Interurban (short railroads or electric trolleys) first appeared in Oklahoma City in 1902.
