ERIC Educational Documents Index, 1966-69: Minor descriptors and author index, 1970 *The Bihar & Orissa Gazette*, 1916 **ERIC Educational Documents Index** Educational Resources Information Center (U.S.), 1966 A subject author institution index which provides titles and accession numbers to the document and report literature that was announced in the monthly issues of Resources in education earlier called Research in education *Sessional Papers* Québec (Province). Legislature, 1905 *Resources in Education*, 2001-10 *Pinkoes and Traitors* Jean Seaton, 2015-02-26 This compelling account of a turbulent period in the history of the BBC opens at a time of national decline under the Labour governments of Harold Wilson and James Callaghan and ends during Margaret Thatcher's iconoclastic Conservative premiership The intervening years saw mass unemployment trade union strikes and war in Northern Ireland and the Falklands as well as legendary BBC programmes such as Live Aid Fawlty Towers and Dad's Army The Singing Detective and Tinker Tailor Soldier Spy and David Attenborough's Life on Earth Comprehensively revised and expanded for this new edition Jean Seaton's perceptive study presents an absorbing analysis of an institution that both reflects Britain and has helped to define it

Research in Education, 1974 **Federal Register**, 2000-11-14 **The Cambodian Campaign** John M. Shaw, 2005 When American and South Vietnamese forces led by General Creighton Abrams launched an attack into neutral Cambodia in 1970 the invasion ignited a firestorm of violent antiwar protests throughout the United States dealing yet another blow to Nixon's troubled presidency But as John Shaw shows the campaign also proved to be a major military success Most histories of the Vietnam War either give the Cambodian invasion short shrift or merely criticize it for its political fallout thus neglecting one of the campaign's key dimensions Approaching the subject from a distinctly military perspective Shaw shows how this carefully planned and executed offensive provided essential support for Nixon's decent interval and peace with honor strategies by eliminating North Vietnamese sanctuaries and supply bases located less than a hundred miles from Saigon and by pushing Communist troops off the Vietnamese border Despite the political cloud under which the operation was conducted Shaw argues that it was not only the best of available choices but one of the most successful operations of the entire war sustaining light casualties while protecting American troop withdrawal and buying time for Nixon's pacification and Vietnamization strategies He also shows how the United States took full advantage of fortuitous events such as the overthrow of Cambodia's Prince Sihanouk the redeployment of North Vietnamese forces and the late arrival of spring monsoons Although critics of the operation have protested that the North Vietnamese never did attack out of Cambodia Shaw makes a persuasive case that the near border threat was very real and imminent In the end he contends the campaign effectively precluded any major North Vietnamese military operations for over a year Based on exhaustive research and a deep analysis of the invasion's objectives planning organization and operations Shaw's shrewd study encourages a newfound respect for one of America's genuine military successes during the war *Sessional Papers of the Dominion of Canada*
