While product identification numbers in the clearing markets section, denominated in dollars, are helpful in locating the position, it's not ideal. That's because they change every time you enter a trade. If the market is high on the trading day, the identification number is a value above 100,000.00.

Warning is provided as part of the site's expert report to be followed and users are advised that support is provided as a service to the reader. The service is not intended to be a substitute for professional advice and should not be used as such.

The warranty provides you the assurance that should you find the product under repair within the warranty period, it will be replaced. However, the warranty also provides that replacement will be subject to the availability of the product. If not available, should the equipment be returned, or should it change its performance beyond the original factory specifications, the warranty will become void and your best recourse may be to return the unit to the "store" where you purchased it, or otherwise contacting the manufacturer's local office.

Only qualified, experienced operators, strictly trained according to local law, should be allowed to operate the machine. Moreover, only strictly trained personnel should be allowed to inspect - correct the machine.

The information, summaries and conclusions in this report are based on the best product information available at the time of submission. The full document is available at the www.fda.gov website.
