Gramophone Spoken Word Catalogue, 1990 *In Defence of Democracy* Roslyn Fuller, 2019-10-18. Should Brexit or Trump cause us to doubt our faith in democracy? Are the people too ignorant or stupid to rule? Numerous commentators are seriously arguing that the answer to these questions might be yes. In this take no prisoners book, Canadian Irish author Roslyn Fuller kicks these anti-democrats where it hurts the most: the facts. Fuller shows how many academics, journalists and politicians have embraced the idea that there can be too much democracy and deftly unravels their attempts to end majority rule, whether through limiting the franchise, pursuing Chinese meritocracy or confining participation to random legislation panels. She shows that Trump, Brexit or whatever other political event you may have disapproved of recently aren't doing half the damage to democracy that elite self-righteousness and corruption are. In fact, argues Fuller, there are real reasons to be optimistic. Ancient methods can be combined with modern technology to revitalize democracy and allow the people to truly rule. *In Defence of Democracy* is a witty and energetic contribution to the debate on the future of democracy.
