If you have trouble starting a chat with a girl you like If you always end up in boring conversations or do not know what to say If you want to know what to do on a date to make it a fun exciting and interesting experience If you want her to really enjoy being with you and to feel attracted If you have already searched through various Videos Blogs or Wikihow and they did not help you Then this is the right book for you Some of the questions they ask me most frequently are How do I start a conversation What do I say to a girl Should I have certain phrases prepared in advance One of the main problems when striking up a conversation with a woman is that everything seems to be going well and then suddenly her interest seems to simply disappear her answers are shortened and you might even start feeling like a disaster wishing you had the ability to know what she was thinking It s happened to all of us some time or another that we don t know what to say when entering into a conversation or that there are some uncomfortable silences The truth is that it is not as difficult as many think and yet many men end up in boring conversations and girls rarely have unforgettable nights with them Why Because they end up doing the same boring predictable and tedious things than the last 100 previous guys did and they simply don t work Imagine that one girl is on a date with a random guy she doesn t know and he starts asking her the same questions she always hears So where do you come from What is your job What do you study Why did you choose that university Where would you like to live Where would you like to go on vacations or even talk about the WEATHER Yes That last one definitely is the topic of conversation of an unforgettable night The worst thing is that there is a belief that the solution to this is openers or pre set phrases and I have to admit that I used to think that way too Once a guy wrote to me If I just had a perfect phrase to start a conversation everything else would just flow In the same way many men also look for that perfect phrase that all encompassing opener in order to get attention instantly and make any girl attracted towards us but I m sorry to say that it doesn t work this way The people who unconsciously feel like techniques or pick up phrases are necessary is because they do

not feel good enough themselves to win the ladies attention The most successful men are those who don't put women above themselves That way your game becomes simple and natural In this book I will give you the tools to improve conversations flirt and connect with women in a sexual way *How to Talk to Women* John Christie,1982-08 Do You Get Tongue Tied With Women Here's What Our Book Can Do For You Tell you how to talk to a girl in ways that turn her on to you Tell you how to keep an exciting interested conversation going for hours with a girl you have just met Tell you how to advance in Phases from your first contact with a girl step by step to the bedroom Boost your confidence when picking up girls by telling you the approaches that are proven successful Explain how applied psychology can help you to influence girls or anyone A real source of power for attracting girls for love sex and romance Tell you about clothes and the part they play in impressing girls How to Talk to Women A Guide for Tongue Tied Men provides you with a plan in which the problems have been considered in advance You will not be trying to figure out what to do and say as you go along It has been thought out for you and laid out clearly for your convenience It is a packaged plan for the man with romance and sex on his mind This book goes deeply into how to talk to girls It is loaded with examples of opening lines and interesting exciting conversation material All the good stuff Some of our opening lines are real gems Girls like action too not just talk This book discusses how to use many kinds of exciting activities to entertain and impress girls Do you freeze up when trying to talk to women With the help of this book you won't anymore you'll know exactly what to say and how to say it If you are interested in single girls and what red blooded man isn't this amazing book will change your love and sex life for sure Many men have read it and agree that it is an outstanding success for dating more women Order your Book today and never be tongue tied around women anymore
