Masks Of The Universe:

Masks of the Universe Edward Harrison, 2003-05-08 To the ancient Greeks the universe consisted of earth air fire and water To Saint Augustine it was the Word of God To many modern scientists it is the dance of atoms and waves and in years to come it may be different again What then is the real Universe History shows that in every age each society constructs its own universe believing it to be the real and final Universe Yet each universe is only a model or mask of the unknown Universe Originally published in 2003 this book brings together fundamental scientific philosophical and religious issues in cosmology raising thought provoking questions In every age people have pitied the universes of their ancestors convinced that they have at last discovered the ultimate truth Does the modern model stand at the threshold of discovering everything or will it like all the rest come to be pitied *Masks of the Universe* Edward Robert Harrison, 1986 Masks of the Universe Edward Robert Harrison, 2011 Masks of the Universe Edward R. Noonan,2002-05-29 Noonan discusses how the concept of property applied to a person is a perfect mask since no trace of human identity remains An auction of slaves in Virginia the takeover of a banana plantation in Costa Rica and an accident on the Long Island Railroad are the famous cases involving these four legal giants The stories of the litigations at three different periods of our history provide a powerful analysis of American law Breaking through the formalism in which jurisprudence is often enshrined Noonan offers a compelling vision of law and a potent call for reform in the education and behavior of lawyers
