Events Management Resource Guide

Brian J. Keller

Events Management Resource Guide:

ITS/operations Resource Guide 2003 ,2003 Events Management Peter Robinson,Debra Wale,Geoff Dickson,2010

Event management studies are fast growing in popularity covering a diverse range of activities such as music and film festivals concerts sporting events and conferences This textbook gives a broad and practical coverage of the major themes in events Outlining both the historical developments and current state of the industry whilst also taking into account wider political and cultural issues the book covers the different elements of planning project management health and safety funding operations human resources marketing and logistics that are vital for successful management Critical issues such as impacts sustainability and legacy of events are also discussed Supported by international case studies and review questions Events Management provides a current and up to date view of the industry in this field Practice Management Reference Guide - First Edition AAPC,2020-03-16 Effectively manage the business side of medicine Profit margin collections cash flow compliance human resources health information efficient business processes the broad responsibilities and complex requirements of practice management are endless Drop one ball in the daily juggle and the fallout can be costly There s never enough time which makes it tough to stay on top of regulations and best practices That s where AAPC s Practice Management Reference Guide becomes vital to your organization providing you with one stop access to the latest and best in practice management From office operations to financial oversight the Practice Management Reference Guide lays out essential guidance to help you optimize efficiency security and profitability Benefit from actionable steps to streamline accounts receivable Discover how to bring in new patients and keep the ones you have happy Leverage real world strategies to command payer relations recruitment training employee evaluations HIPAA MACRA Medicare CDI EHR everything you need to ensure bountiful operations in 2020 and beyond With the Practice Management Reference Guide you ll gain working knowledge covering the spectrum of practice management issues including Negotiating favorable payer contracts Preventing an appeals backlog Remaining audit ready Correctly applying incident to billing rules to maximize reimbursement Using assessment tools to evaluate your risk Preparing a risk plan and know what questions to ask Knowing how and why you should implement policies and protocols Complying with state and federal patient privacy rules **Human Resource Management for Events** Lynn Van der Wagen,2009-02-04 Human Resource Management for Events is the first text to cover management of human resources in the event environment Linking theory research and application it covers the differing and various types of event in which human resource management is key such as Business Events a vast sector including events people who manage conferences exhibitions incentive trips and individual business travel Sporting Events this sector includes sporting events ranging from the Olympic Games Rugby World Cup Soccer World Cup Tour de France Grand Prix to many smaller local sporting events Arts and Entertainment the logistics risk and financial issues facing entertainment events are leading to the development of more sophisticated operational skills for this sector Music festivals

are increasingly popular Public Events civic ceremonies parades celebrations festivals and protests all fall within the scope of public events Planning approval and risk management are increasingly on the agenda for all levels of government The particular challenges provided by such events are varied The size of the workforce explodes at the time of the event to include the event management team many paid staff hundreds of volunteers and multiple contractors such as food vendors and cleaning teams Everyone working on the site comes into the scope of the event workforce Little time is available for training and motivation plays a key role in retention and customer service Decision making occurs on the run and the event is over before anyone can think about performance appraisal The environment is further characterised by a fast pace high stress levels and many workers are fatigued by the bump in period before the event audience pours through the gates to add yet another level of pressure These features of the human resources environment are quite different to those of the traditional workforce Human Resource Management for Events is vital reading for both students and practitioners involved in this crucially important aspect of event management

Events Design and Experience Graham Berridge, 2007-02-07 For the first time Events Design and Experience draws together the relationship between event design and the experience of consumers and participants It explores and analyses the event experience of the individual and how this can be controlled by design By drawing upon ongoing research conducted over several years into the experiences of groups and individuals who attend events this text will ask questions such as What was the rationale behind a particular event being designed in a certain way What was the actual experience of consumers How was the event materially delivered and did the experience created provide a satisfactory outcome How can experiences be understood via semiotics especially the physical elements of an event Structured in four sections Events Design and Experience discusses What are events An overall view of the industry its definitions and market demand It also covers an analysis of previous literature and draws upon real life events such as Wembley plc Leapfrog Corporate events and the British Cycling federation What is an event experience An explanation of the nature and stages of experience and the emergence of the experience industry itself Cases such as the Proms London Fashion week and the Nike Fun run are used to illustrate Designing Experiences Considers how design itself can impact upon the experience in some cases fundamentally changing the nature of experience It asks the question of how experiences are designed and what do they signify to the customer once complete Analysing Event Experiences Considers how experiences can be analysed and evaluated looking at the artificiality of the event and how this reflects in the experience of consumers Also includes a review of the psychological processes of perception and interpretation and how meaning and experience can be analysed and how we may begin to unravel the meanings attributed to certain events With international case studies throughout Events Design and Experience has a coherent user friendly structure including chapter summaries review exercises and topics for discussion to consolidate understanding

Events Management Glenn A. J. Bowdin, Johnny Allen, Rob Harris, Leo Jago, William O'Toole, Ian McDonnell, 2023-07-31 A must have introductory text of unrivalled coverage
