Standard ,1907 **The Sketch** ,1914 **Oriental Affinities of the Legend of the Hairy Anchorite** Charles Allyn Williams,1927 Regional Horror Films, 1958-1990 Brian Albright,2012-11-08 During the second half of the 20th century landmark works of the horror film genre were as much the product of enterprising regional filmmakers as of the major studios From backwoods Utah to the Louisiana bayous to the outer boroughs of New York independent regional films like *Night of the Living Dead* *Last House on the Left* *I Spit on Your Grave* *The Texas Chain Saw Massacre* and *The Evil Dead* stood at the vanguard of horror cinema This overview of regionally produced horror and science fiction films includes interviews with 13 directors and producers who operated far from mainstream Hollywood along with a state by state listing of regionally produced genre films made between 1958 and 1990 Highlighting some of the most influential horror films of the past 50 years this work celebrates not only regional filmmaking but also a cultural regionalism that is in danger of vanishing

American Digest ,1928 **It Begins Part II** Michael Albright,2022-06-27 The alien threat is real They fly across our skies under our oceans and have disrupted our lives and our safety At first man looked upon the aliens with curiosity and a hope that they would be benevolent and improve life on Earth While this optimistic view was embraced by many just the opposite was the new reality After capturing two passenger aircraft out of the sky their real purpose was revealed The horrific acts of desecration wrought on the passengers was their calling card No longer aliens would be a curiosity but their presence would be a threat to all mankind In order to counter the alien presence and threat over the years a top secret organization known as Space Command was born within the United States Navy Upon its inception Space Command armed itself with advanced weaponry and was staffed with the best of the best Its new commander Rear Admiral Michael Scott had experience with the alien threat and was committed as were the men and women of Space Command to beat back and defeat the aliens no matter the cost The aliens became more brazen in their attacks on mankind From destroying a hotel in France where an international conference on the alien threat was held to intercepting and shooting down aircraft It did not end there though An alien attack was launched against a British and American combat fleet and then an attack on Space Command itself Admiral Scott knew that a battle was coming Space Command had to be an offensive force rather than being in a reactive position The women and men of Space Command inwardly knew that an epic battle was shortly to be fought It would be a battle fought not only on Earth but also in the cold emptiness of space Billboard ,1994-04-09 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Third Decennial Edition of the American Digest* ,1928

Family Fortunes Leonore Davidoff,Catherine Hall,2018-12-12 First published to wide critical acclaim in 1987 Family Fortunes has become a seminal text in class and gender history and its influence in the field continues to be extensive today The book explores the middle class family and its place in the development of capitalist society It argues that gender and

class need to be thought about together that class was always gendered and gender always classed Divided into three parts the book covers religion and ideology economic structure and opportunity and gender in action across two main case studies the rural counties of Suffolk and Essex and the industrial town of Birmingham This third edition contains a new introductory section by Catherine Hall reflecting on some of the major developments in historical thinking over the last fifteen years and discussing the evolution of key themes such as the family Providing critical insight into the perception of middle class society and gender relations between 1780 and 1850 this volume is essential reading for students of eighteenth and nineteenth century British social history

Sinning in the Hebrew Bible Alan F. Segal, 2012 Stories of rape murder adultery and conquest raise crucial issues in the Hebrew Bible and their interpretation helps societies form their religious and moral beliefs From the sacrifice of Isaac to the adultery of David narratives of sin engender vivid analysis and debate powering the myths that form the basis of the religious covenant or the relationship between a people and their God Rereading these stories in their different forms and varying contexts Alan F Segal demonstrates the significance of sinning throughout history and today Drawing on literary and historical theory as well as research in the social sciences he explores the motivation for creating sin stories their prevalence in the Hebrew Bible and their possible meaning to Israelite readers and listeners After introducing the basics of his approach and outlining several hermeneutical concepts Segal conducts seven linked studies of specific narratives using character and text to clarify problematic terms such as myth typology and orality Following the reappearance and reinterpretation of these narratives in later compositions he proves their lasting power in the mythology of Israel and the encapsulation of universal perennially relevant themes Segal ultimately positions the Hebrew Bible as a foundational moral text and a history book offering uncommon insights into the dating of biblical events and the intentions of biblical authors

The Oxford Handbook of Space Security P.J. Blount, 2023-09-01 Space security is a complex assemblage of societal risks and benefits that result from space based capabilities and is currently in a period of transformation as innovative processes are rapidly changing the underlying assumptions about stability in the space domain New space based technologies are emerging at an accelerating rate and both established and emerging states are actively and openly pursuing weapons to negate other states space capabilities Many states have set up dedicated military space units in order to preemptively counter such threats In addition a number of major private companies with a transnational presence are also investing heavily in extraterrestrially based technology The Oxford Handbook of Space Security focuses on the interaction between space technology and international and national security processes from an international relations IR theory perspective Saadia M Pekkanen and P J Blount have gathered a group of key scholars who bring a range of analytical and theoretical IR perspectives to assessing space security The volume theorizes the development and governance of space

security and analyzes the specific pressure points currently challenging that regime Further it builds an analytically eclectic understanding of space security infused with the theory and practice of IR and advances analysis of key states and regions as well as specific capabilities Space security is currently in a period of great transition as new technologies are emerging and states openly pursue counterspace capabilities Bringing together scholarship from a group of leading experts this volume explains how these contemporary changes will affect future security in from and through space Applying lessons from international relations theory and practice and drawing from a range of social science subfields the Handbook is a definitive work for scholars who study the topic of space security *Billboard* ,1957-08-19 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *People v.
