Summary of Pia Mellody's Facing Codependence Everest

Media, 2022-06-10T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Those who are codependent are often in an emotional state marked by anxiety and feelings of being irrational dysfunctional and or

crazy They often find themselves overreacting to everyday happenings experiencing feelings far more excessive than appropriate for a given situation 2 The emotional factor of codependence can also be triggered by the disappointment of interviewing for a job and not being hired the sadness of a good friend moving to another town or the anger of a neighbor's dog messing up the flower bed 3 The families of alcoholics and other chemically dependent people often noticed that their emotions were intensified in their relationships with the alcoholic or addict but they were unable to express them in a healthy way because of a compulsion to please and care for the addicted person 4 The disease of codependence is difficult to see from the outside as its sufferers wear a mask of adequacy and success designed to win the all important approval of others But these slaves of powerful seemingly groundless compulsive feelings are doomed to be on an endless treadmill of personal failure and intensified experiences of shame pain fear and repressed anger

Your Journey to Success: How to Accept the Answers You Discover Along the Way Kenny Weiss, 2017-12-20 This is a book for the person who is hungry for an answer. I know that feeling. I was stuck in it for years, and as a Coach and Speaker, I have noticed there is a constant theme for us all. We have read all of the success books, we have gone to the seminars, but when we go to execute their wonderful information, a feeling comes up. We lay in bed and just don't feel like doing what they suggest, even though we know it will make our life better. That feeling stops us from executing one or more steps they suggest we take to make our lives better. I couldn't overcome that feeling either. Here I was an alcoholic, a sex addict, sugar addict, spending addict, tobacco addict, love addict. I had gone bankrupt, been through two horrific divorces, a child custody battle, I played two professional sports I never wanted to play, and I contemplated suicide. None of the books showed me or explained where that feeling comes from, why we all get it, and how to overcome it. Without that information, I couldn't execute all of their wonderful suggestions. So this is my story and how I took all of that great information from all of those great success teachers, I collated it, and then added to it. I discuss where that feeling comes from, why we all get it, and how to overcome it. This book bridges the gap. When you have this information, this skillset to overcome that feeling, then you can put into place all of their incredible advice and have the personal and professional success we are all searching for.

Mejias,2010-02-26 Leaving Home Finding Home My Journey from Shame to Sonship through Journaling is the first book of its kind showing how God Himself brought inner healing by speaking into one woman s life In it author Jessie Mejias shares how God counsels and heals her through journaling The central theme of Leaving Home Finding Home is healing through intimacy with God an intimacy that develops as she writes out her conversations with Him The author devotes several chapters to her background and childhood but the heart of the book is Jessie s actual journal About her decision to share her journal verbatim she says When the Lord first instructed me to write this book my natural instinct was to transform the ramblings of my mind and heart into a nice neat package that the reader could easily follow However as I prayed about His instructions I felt very strongly that He wanted me to demonstrate how I received my healing through journaling itself Jessie Mejias grew up in what she would have described as an Ozzie and Harriet kind of home loving parents close siblings good schools and a religion that dictated solid values What she did not know was that beneath the surface lay a shaky foundation of dysfunctional family rules and generational patterns As a young adult Jessie watched her neat world crumble when two of her siblings succumbed to mental illness while the family stood by helplessly Subsequently her family scattered and she unwittingly married an abusive alcoholic man Her disastrous marriage precipitated her decision to give her life to Christ But despite her newfound faith at age 27 she found herself a single mother of two young sons In the ensuing years Jessie sought

and found healing and growth through studying the Bible and receiving Christian counseling. Miraculously she and her husband were remarried after seven years of separation and divorce. She became involved in teaching and leading Bible studies within her local church and was confident that she was already experiencing the abundant life that God promised to His children. However, when she decided to return to school to earn a degree in Christian counseling, God began to show her that she was still suffering from the traumas of her childhood and that shame was an integral part of her life that He wanted to remove. This revelation launched her into an unprecedented time of accelerated healing that was to be the inspiration for this book. *Leaving Home Finding Home* chronicles that journey from shame to sonship through one on one dialogue with God. Shame is a universal problem that is sometimes hard to pinpoint. We describe ourselves as embarrassed, shy, fearful, or hesitant, but we never actually understand that the source of these emotions is shame. Shame is a terrible feeling that we are a mistake that somehow we were never supposed to exist. The author found that this feeling of shame was so deeply hidden in her heart that it was not until God began to unwrap her from her emotional chains that she could see that this was the true source of her poor self image. Jessie vividly describes her feelings of shame. It was as if all my life I had been living in a slum that I would leave from time to time to go to the nice clean neighborhood down the block at first for short times then for longer and longer periods of time but inevitably I would end up at some point back in this dump. The sight of it would make me sick but I did not know how to leave it completely behind. God Himself initiated this unique approach to inner healing as He took Jessie back to her childhood home and school and walked with her through each traumatic event of her young life reaching deep into her heart to show her what was hidden there.

The Self on the Shelf Gary Greenberg, 1994-08-04. *The Self on the Shelf* examines the cultural and philosophical determinants of popular recovery books. Greenberg argues that this literature can be read as documents of the prevailing understanding of the self in American society. The construction of the self promoted by recovery literature is seen as a nihilistic one insofar as it denies the significance of what continental philosophy calls the Other. In this sense the self help books are correct in their assertion that we have lost sight of how to love but their proposed solution shows up as a recapitulation and strengthening of the conditions that gave rise to this situation in the first place. Greenberg's critique provides a commentary on the difficulties that face our culture in achieving any sense of meaningful community and on the way that this problem surfaces in a highly popular discourse.
