The Reverend Mark Twain Joe B. Fulton, 2006 I was made in His image Mark Twain once said but have never been mistaken for Him God may have made Mark Twain in His image but Twain frequently remade himself by adopting divine personae as part of his literary burlesque Readers were delighted rather than fooled when Twain adopted the image of religious vocation throughout his writing career Theologian Missionary Priest Preacher Prophet Saint Brother Twain Holy Samuel the Bishop of New Jersey and of course the Reverend Mark Twain Joe B Fulton has not written a study of Samuel Langhorne Clemens s religious beliefs but rather one about Twain s use of theological form and content in a number of his works some well known others not so widely read Twain adopted such religious personae to burlesque the religious literary genres associated with those vocations He wrote catechisms prophecies psalms and creeds all in the theological tradition but with a comic twist Twain even wrote a burlesque life of Christ that has the son of God sporting blue jeans and cowboy boots With his distinctive comic genius Twain entered the religious dialogue of his time employing the genres of belief as his vehicle for criticizing church and society Twain s burlesques of religious form and content reveal a writer fully engaged with the religious ferment of his day Works like *The Innocents Abroad* *Adventures of Huckleberry Finn* *Personal Recollections of Joan of Arc* *Roughing It* and *What Is Man* are the productions of a writer skilled at adopting and adapting established literary and religious forms for his own purposes Twain is sometimes viewed as a haphazard writer but in *The Reverend Mark Twain* Fulton demonstrates how carefully Twain studied established literary and theological genres to entertain and criticize his society Book jacket *Dragon's Lair and the Fantasy of Interactivity* MJ Clarke, 2022-06-06 Perhaps no arcade game is so nostalgically remembered yet so critically bemoaned as *Dragon s Lair* A bit of a technological neanderthal the game implemented a unique combination of videogame components and home video replay garnering great popular media and user attention in a moment of contracted economic returns and popularity for the videogame arcade business But subsequently writers and critics have cast the game aside as a cautionary tale of bad game design In *Dragon s Lair and the Fantasy of Interactivity* MJ Clarke revives *Dragon s Lair* as a fascinating textual experiment interlaced with powerful industrial strategies institutional discourse and textual desires around key notions of interactivity and fantasy Constructing a multifaceted historical study of the game that considers its design its makers its recording medium and its in game imagery Clarke suggests that the more appropriate metaphor for *Dragon s Lair* is not that of a neanderthal but a socio technical network infusing and advancing debates about the production and consumption of new screen technologies Far from being the gaming failure posited by evolutionary minded lay critics Clarke argues *Dragon s Lair* offers a fascinating provisional solution to still unsettled questions about screen media *The Dance of the Intellect* Marjorie Perloff, 1996 Must poetic form be as Yeats demanded full sphere like single or can it accommodate the impurities Yeats and his Modernist generation found so problematic Sixty years later these are still open questions questions to which Marjorie Perloff addresses herself in the

essays collected here The first group of essays deals with Pound's own poetics as that poetics related to two of his great contemporaries Stevens and Joyce as well as to the visual arts of his day The second group deals with the more technical aspects of verse and prose In the last four essays Perloff takes up broader issues including the current pessimism about the state of poetry and the work of experimental poets and conceptual poets

Project-Based Learning Applied to the Language Classroom Juliana Franco Tavares/ Louise Emma Potter, 2018-03-05 In Project Based Learning Applied to the Language Classroom the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language It is about teaching English as a second or foreign language using Project Based Learning PBL We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it but feel that there aren't enough materials based on this methodology In fact most researchers and writers we have come across discuss the applications of PBL in the students mother tongue to subjects such as Math History Literature Social Studies and Science However there are few published works about the specifics of PBL in foreign language classes Besides it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language
