

The background of the entire cover is a photograph of a full moon rising over a dark, rocky coastline at night. The moon is a large, bright, pale yellow sphere in the center of the upper half. The sky is dark blue with some wispy clouds. The water is dark, and the rocks in the foreground are dark and jagged. The title 'Fairytale' is in a cursive script, and 'COME ALIVE' is in large, bold, white capital letters.

Moulding the Female Body in Victorian Fairy Tales and Sensation Novels Laurence Talairach-Vielmas, 2016-04-15 Laurence Talairach Vielmas explores Victorian representations of femininity in narratives that depart from mainstream realism from fairy tales by George MacDonald Lewis Carroll Christina Rossetti Juliana Horatia Ewing and Jean Ingelow to sensation novels by Wilkie Collins Mary Elizabeth Braddon Rhoda Broughton and Charles Dickens Feminine representation Talairach Vielmas argues is actually presented in a hyper realistic way in such anti realistic genres as children's literature and sensation fiction In fact it is precisely the clash between fantasy and reality that enables the narratives to interrogate the real and re create a new type of realism that exposes the normative constraints imposed to contain the female body In her exploration of the female body and its representations Talairach Vielmas examines how Victorian fantasies and sensation novels deconstruct and reconstruct femininity she focuses in particular on the links between the female characters and consumerism and shows how these serve to illuminate the tensions underlying the representation of the Victorian ideal

Fairy Tales and the Social Unconscious Ravit Raufman, Haim Weinberg, 2018-03-21 The book combines two main perspectives the study of the social unconscious and the study of fairy tales Examining different versions of fairy tales told by different ethnic communities teaches us about the relations between universal and local cultural aspects of the social unconscious Exploring the unique status of fairy tales as located on the border line between concrete somatic and abstract linguistic realms sheds light on different levels of the human mind The book focuses on a specific phenomenon common in fairy tales a realization of idiomatic expressions a phenomenon in which an abstract mental idea is hidden behind a concrete event embedded in the plot Deciphering the abstract idea out of the pictorial world of the fairy tale enables to understand the stories in a way which is not available otherwise The book suggests

interdisciplinary examination reminding us the rich deep messages hidden in fairy tales and connecting us to early developments in the field of psychoanalysis by suggesting new interpretation to old ancient material

Soleiluna Emily Frances, 2024-04-30 Our story starts when ancient hearts reincarnate to tell the tale, and as they unveil the mystery that links together all of history, the secret knowledge that once was forbidden becomes unable to stay hidden, but when the deception of the past begins to bubble, the darkness conjures a conniving trouble. However, karma spins the wheel in the name of the light to set the world right, and when the most powerful souls of the divine are alive once again to shine like the prophecies told, a wonderful adventure is set to unfold as Luna meets Soleil when she crosses under the archway through the magical portal, their past lives created, and so their reunion was predestined and fated because life is like a poem that never ends, and when they team up with their old friends, they open so much more than just the ancient teleportation door, as the farther they travel, the more begins to unravel, and is unfurled in this mythical fairytale world because with the powers of their mind, they are able to find the treasures, their past lives left behind, and the truths that lie in the legends lost to time, as they sing the everlasting rhyme and take the stage to vanquish the evil and kick off the golden age.

Terrors of Childhood in Grimm's Fairy Tales Winfried Kudsus, 2005 Questioning culturally predetermined consolidations of childhood experience, this study focuses on memory and affect on the verge of linguistic formulation. Fairy tale plots frequently function as cover-ups of a deeply

rooted violence that expresses itself through sensibilities of the skin and in presymbolically charged cataclysms In a narrative border zone early linguistic and psychic events reemerge with primordial force Split into seemingly irreconcilable opposites good and evil engage in warfare with each other cannibalism and infanticide take hold of family life Four tales are presented here as related in 1857 by the Brothers Grimm along with new translations Through in depth readings of these intricately interpersonal texts this inquiry explores a frightful silence
