Trump](#) Forefront Books,2020-07-28 Love them or hate them the tweets of President Donald J Trump rule the Twittersverse Until our last presidential campaign television particularly campaign ads dominated the political landscape But with the rise of Donald J Trump came a new political tool the internet Trump used this to communicate instantly and very effectively with the American people And it worked Establishing his political positions by tweeting numerous times a day Trump pulled a major upset by defeating Hillary Rodham Clinton to become the 45th president of the United States Once in office Trump did not abandon his penchant for using Twitter as his populist platform Instead he doubled down on it making it his primary means of communicating with the American people Knowing how effective a tweet can be Trump once wrote Boom I press it and within two seconds we have breaking news With a massive Twitter following of 78 million by the spring of 2020 Trump s direct impact upon Americans cannot be dismissed nor can the value of his tweets as an essential part of the historical record be denied To put the enormous impact of his tweets into perspective Trump won the White House with 63 million votes a number significantly lower than his massive Twitter following Now you can read the collected tweets from President Donald J Trump from his inauguration through February 2020 in this historically significant collection [The Greatest Man In Our Time](#) Brian W. Danish Politics Peter Munk Christiansen, Jørgen Elklit, Peter Nedergaard, 2020-06-26 The Oxford Handbook of Danish Politics provides the most comprehensive and thorough English language book on Danish politics ever written It features chapters by 50 leading experts who have contributed extensively to the field they write about Why is Denmark an interesting topic for a Handbook In some respects Danish political institutions and political life are very similar to that of other small North European countries such as the other Scandinavian countries and Netherlands However in other respects Danish politics is interesting in its own right For instance Denmark has a world record in minority governments According to standard scholarly knowledge this should result in unstable governments and a bad economy This is not the case however since Denmark has a rather stable political system and a strong and robust economy among the strongest in Europe How The Danes have continued reservations towards the EU despite close to 50 years of EC EU membership and the Danes rejected the Maastricht Treaty in 1992 Still the EU issue is handled in ways that do not call for large political battles How A third example is that Denmark used to be known as a tolerant and liberal society its Jews were almost all saved during German occupation during WWII Denmark was the first country to free pornography and the first country to formally register same sex couples Yet recent Danish politics has also been associated with xenophobia and anti Muslim sentiments Why **I Am The Winner: A Presidential Autobiography of Donald J. propose instead a return to a mythical golden age supposedly marked by purity and simplicity Second they both work in the same way psychologically Using social identity theory Herriot shows how both populism and fundamentalism create constant conflict by contrasting a virtuous Us with a stereotypically evil Them Contemporary case studies illustrate this process at work and Herriot raises various issues as a basis for discussion and concludes with hope

Liars, Leakers, and Liberals Jeanine Pirro,2018-07-17 Get the story the Fake News

media doesn't want you to hear in the #1 New York Times bestseller a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency based on interviews with the Trump family and top administration officials. At this point in American history we are the victims of a liberal sabotage of the presidency unlike anything we've ever witnessed. Nevertheless, President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren't being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal to unseat the 45th President of the United States, this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including fake news, propaganda, law enforcement corruption at the highest levels, national security leaks by the intelligence community, bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. It's about time the American public knows the truth about the plot to bring down the Trump presidency. By the time you've finished this book, you'll agree with Judge Pirro that the only way to stop these hoodlums is to Take Them Out in Cuffs. *The Blessings of Liberty* Michael Les
