## **Fake Pregnancy Papers:**

**Quita's Daycare Center (The Cartel Publications Presents)** Gina West, 2011-04-15 Some daycare centers have your child's interest at heart. Quita's Daycare center is not one of them. Quita never pretended to run a professional center. So when her license gets revoked after a spiteful parent complains to the Office of Child Care services because her bad son Lil Goose was kicked out of the center, Quita feels relieved. Now she can offer cheap prices and beat the legal competition in her neighborhood. Out from up under the rules that O C C enforces, she crams twenty kids in a center built for eight. Her motto is: Pay the vig or watch your own kid. Although the center's conditions are unsavory, she brags about fat pockets and fly gear. But what happens when Cordon, the son of Flex, a well-known drug dealer, goes missing? She has to answer to him and her life as well as the lives of her staff members is threatened. Quita's DayScare Center introduces you to the worst parents in the world and their offspring. You've never read a book like this before, we guarantee it. You'll think twice before you drop your kids off again. At least we hope so.

**Contingent Kinship** Kathryn A. Mariner, 2019-04-30 Based on ethnographic fieldwork at a small Chicago adoption agency specializing in transracial adoption, *Contingent Kinship* charts the entanglement of institutional structures and ideologies of family, race, and class to argue that adoption is powerfully implicated in the question of who can have a future in the twenty-first century United States. With a unique focus on the role that social workers and other professionals play in mediating relationships between expectant mothers and prospective adopters, Kathryn A. Mariner develops the concept of intimate speculation, a complex assemblage of investment, observation, and anticipation that shapes the adoption process into an elaborate mechanism for creating, dissolving, and exchanging imagined futures. Shifting the emphasis from adoption's outcome to its conditions of possibility, this insightful ethnography places the practice of domestic adoption within a temporal, economic, and affective framework in order to interrogate the social inequality and power dynamics that render adoption and the families it produces possible.

Fake Science Austin Ruse, 2017-07-17 If you listen to any political argument, you're eventually bound to hear something like "The science is settled on this." Or "Just look at the statistics." Or "There have been studies that say..." You'd think we were living in the golden age of science and reason. But the truth is far more sinister, says Austin Ruse. We're actually living in the age of the low-information voter, easily misled by all too convincing false statistics and studies. In *Fake Science*, Ruse debunks so-called facts used to advance political causes, one after the other, revealing how poorly they stand up to actual science.
