

# Falcon 7X Manual

Not to be used for real fly  
This manual is for X-Plane Fly simulator only

A little preview of my work on the 7X  
with this freeware model for X-Plane 10  
only

It's a simplified version compared to my  
study version that I did not finish  
So there is no management of SID,  
Routes and STAR and no mapping.  
The FMS is that the one of X-Plane  
However, this version is much more  
faithful to reality compared to the  
previous version that was available on  
the .org

Most systems (90%) are simulated  
identically

I did not have time to redo the fuselage  
in 3D to make different liveries, sorry  
To fully appreciate, it is better to  
download the doc which is available  
on the site

[www.smartcockpit.com](http://www.smartcockpit.com)

Un petit aperçu de mes travaux sur le 7X  
avec ce modèle freeware pour X-Plane  
10 uniquement

C'est une version simplifiée par rapport  
à ma version d'étude que je n'ai pas  
terminé

Il n'y a donc pas de gestion des SID,  
Routes et STAR et pas de cartographie.  
Le FMS est celui de X-Plane

Par contre, cette version est nettement  
plus fidèle à la réalité comparée à la  
version précédente qui était disponible  
sur le .org

La majorité des systèmes (90%) sont  
simulés à l'identique

Je n'ai pas eu le temps de refaire le  
fuselage en 3D pour faire des liveries  
différentes, désolé.

Pour pleinement apprécier, il vaut  
mieux télécharger la doc qui est  
disponible sur le site
