Christopher K. Coffman,2018-11-27 Recent poems and fictions set in the early Americas are typically read as affirmations of cultural norms as evidence of the impossibility of genuine engagement with the historical past or as contentious repudiations of received histories Inspired particularly by Mihai Sparescu s arguments regarding literary playfulness as an opening to peace Rewriting Early America The Prenatal Past in Postmodern Literature adopts a different perspective with the goal of demonstrating that many recent literary texts undertake more constructive and hopeful projects with regard to the American past than critics usually recognize While honoring writers pervasive critiques of hegemony this volume trades a preoccupation with antagonism for an interest in restoration and recuperation It describes how texts by John Barth John Berryman Susan Howe Toni Morrison Paul Muldoon Thomas Pynchon and William T Vollmann harness the ambiguities of the colonial past to find sociocultural possibilities that operate beyond the workings of power and outside the politics of difference Throughout this book remains devoted to uncovering the moments at which contemporary writers proffer visions of American communities defined not by marginalization and oppression but by responsive understanding and inclusion

*Representing Vulnerabilities in Contemporary Literature* Miriam Fernández-Santiago,Cristina M. Gámez-Fernández,2022-12-01 *Representing Vulnerabilities in Contemporary Literature* includes a collection of essays exploring the ways in which recent literary representations of vulnerability may problematize its visibilization from an ethical and aesthetic perspective Recent technological and scientific developments have accentuated human vulnerability in many and different ways at a cross national and even cross species level Disability technological and ecological vulnerabilities are new foci of interest that add up to gender precarity and trauma among others as forms of vulnerability in this volume The literary visualization of these vulnerabilities might help raise social awareness of one s own vulnerabilities as well as those of

others so as to bring about global solidarity based on affinity and affect However the literary representation of forms of vulnerability might also deepen stigmatization phenomena and trivialize the spectacularization of vulnerability by blunting readers affective response towards those products that strive to hold their attention and interest in an information saturated global entertainment market

**Sublime Desire** Amy J. Elias,2003-04-01 Co winner of the Perkins Prize from the Society for the Study of Narrative Literature Has twentieth century political violence destroyed faith in historical knowledge What happens to historical fiction when history is seen as either a form of Western imperialism or a form of postmodern simulation In *Sublime Desire* Amy Elias examines our changing relationship to history and how fiction since 1960 reflects that change She contends that postmodernism is a post traumatic imagination that is pulled between two desires the political desire to acknowledge the physical violence of twentieth century history and the yearning for an escape from that history into a ravishing realm of historical certainty Torn between these desires both historical fiction and historiography after 1960 redefine history as the sublime a territory beyond lived experience that is both unknowable and seductive In the face of a failure of Enlightenment ideals about knowledge and the West s own history of violence post World War II history becomes a desire for the secular sacred sublime for awe certainty and belief *Sublime Desire* is an eloquent melding of theory and practice Mixing the canonical with the unexpected Elias analyzes developments in the historical romance genre from Walter Scott s novels to

novels written today She correlates developments in the historical romance to similar changes in historiography and philosophy Sublime Desire draws engagingly on more than thirty relevant texts from Tolstoy's War and Peace to Jeanette Winterson's Sexing the Cherry Charles Johnson's Dreamer and Charles Frazier's Cold Mountain But the book also examines theories of postmodern space and time and defines the difference between postmodern and postcolonial historical perspectives The final chapter draws from trauma theory in Holocaust studies to define how fiction can pose an ethical alternative to aestheticized history while remaining open to pluralism and democratic values In its range and sophistication Sublime Desire is a valuable addition to postmodernist studies as well as to studies of the historical romance novel **New**
