## **Femmes Dans La Guerre:**

*Women's Identities at War* Susan R. Grayzel, 2014-03-19 There are few moments in history when the division between the sexes seems as natural as during wartime men go off to the war front while women stay behind on the home front But the very notion of the home front was an invention of the First World War when for the first time home and domestic became adjectives that modified the military term front Such an innovation acknowledged the significant and presumably new contributions of civilians especially women to the war effort Yet as Susan Grayzel argues throughout the war traditional notions of masculinity and femininity survived primarily through the maintenance of and indeed reemphasis on soldiering and mothering as the core of gender and national identities Drawing on sources that range from popular fiction and war memorials to newspapers and legislative debates Grayzel analyzes the effects of World War I on ideas about civic participation national service morality sexuality and identity in wartime Britain and France Despite the appearance of enormous challenges to gender roles due to the upheavals of war the forces of stability prevailed she says demonstrating the Western European gender system's remarkable resilience

**Les femmes et la guerre** Madeleine Gagnon, 2000 *La guerre et les femmes*, 2018-08-31 Woman in the war United States. Council of National Defense. Committee on Women's Defense Work. News Dept, 1918

**Ottoman Women during World War I** Elif Mahir Metinsoy, 2017-11-09 During war time the everyday experiences of ordinary people and especially women are frequently obscured by elite military and social analysis In this pioneering study Elif Mahir Metinsoy focuses on the lives of ordinary Muslim women living in the Ottoman Empire during the First World War It reveals not only their wartime problems but also those of everyday life on the Ottoman home front It questions the existing literature's excessive focus on the Ottoman middle class using new archive sources such as women's petitions to extend the scope of Ottoman Turkish women's history Free from academic jargon and supported by original illustrations and maps it will appeal to researchers of gender history Middle Eastern and social history By showing women's resistance to war mobilization wartime work life and the everyday struggles which shaped state politics Mahir Metinsoy allows readers to draw intriguing comparisons between the past and the current events of today's Middle East

Humor, Entertainment, and Popular Culture during World War I Clémentine Tholas-Disset, Karen A. Ritzenhoff, 2015-05-06 Humor and entertainment were vital to the war effort during World War I While entertainment provided relief to soldiers in the trenches it also built up support for the war effort on the home front This book looks at transnational war culture by examining seemingly light hearted discourses on the Great War

*Historicizing Colonial Nostalgia* P. Lorcin, 2011-12-15 Comparative study of the writings and strategies of European women in two colonies French Algeria and British Kenya during the twentieth century Its central theme is women's discursive contribution to the construction of colonial nostalgia

**Total War and Social Change** Arthur Marwick, 1988-11-18 A collection of essays supported by statistics on the social consequences of the two world wars It covers the main European countries and a range

of major issues including the levels of economic activity women's employment and the extent of executions of collaborators

*French Women and the First World War* Margaret H. Darrow, 2000-08 In tracing stories about war heroines but also about villainesses like Mata Hari this study shows what these stories reveal about French understanding of the First World War and their hopes and fears for the future

**Women in France Since 1789** Susan Foley, 2017-03-14 This compelling study traces the changes in women's lives in France from 1789 to the present Susan K Foley surveys the patterns of women's experiences in the socially segregated society of the early nineteenth century and then traces the evolution of their lifestyles to the turn of the twenty first century when many of the earlier social distinctions had disappeared Focusing on women's contested place within the political nation *Women in France since 1789* examines The on going strength of notions of sexual difference Recurrent debates over gender The anxiety created by women's perceived departure from ideals of womanhood Major controversies over matters such as reproductive rights significant cultural changes and women's often underestimated political roles By addressing and exploring these key issues Foley demonstrates women's efforts over two centuries to create a place in society on their own terms

*Military Occupations in First World War Europe* Sophie De Schaepdrijver, 2016-04-14 Our view of the First World War is dominated by the twin images of the fronts and the home fronts yet the war also generated a third type of front that of military occupation Vast areas of Europe experienced the war under a military regime and this book deals with the occupations by the German and Austro-Hungarian empires Their conquests ranged from Lille in the West to the Don River in the East and from Courland in the north to Friuli and Montenegro in the south They encompassed capital cities such as Brussels Warsaw Belgrade and Bukarest as well as areas of crucial economic importance Millions of people experienced military occupation and even though they were civilians the war had a deep impact on their lives Conversely occupied territories influenced the states that had conquered them and on the way these states waged war The chapters in this book analyze military occupation in 1914-1918 both from the point of view of the occupied and from the point of view of the occupier They study counter insurgency warfare forced labour food regimes underground patriotism and cultural policies They demonstrate that military occupation was an essential dimension of the Great War This book was originally published as a special issue of *First World War Studies*

**European Police Forces and Law Enforcement in the First World War** Jonas Campion, Laurent López, Guillaume Payen, 2019-11-08 This book offers a global history of civilian military and gendarmerie style policing around the First World War Whilst many aspects of the Great War have been revisited in light of the centenary and in spite of the recent growth of modern policing history the role and fate of police forces in the conflict has been largely forgotten Yet the war affected all European and extra-European police forces Despite their diversity all were confronted with transnational factors and forms of disorder and suffered generally from mass conscription During the conflict societies and states were faced with a crisis

situation of unprecedented magnitude with mass mechanised killing on the battle field and starvation occupation destruction and in some cases even revolution on the home front Based on a wide geographical and chronological scope from the late nineteenth century to the interwar years this collection of essays explores the policing of European belligerent countries alongside their empires and neutral countries The book s approach crosses traditional boundaries between neutral and belligerent nations centres and peripheries and frontline and rear areas It focuses on the involvement and wartime transformations of these law enforcement forces thus highlighting underlying changes in police organisation identity and practices across this period

**The Women's Movement in Wartime** A. Fell,I. Sharp,2007-04-12 This comparative interdisciplinary book explores the responses of the women s movement to World War I in all of the major belligerent nations The contributors cover key topics including women s relationship with the state women s war service mothers in wartime suffrage peace and the aftermath of war and women s guilt and responsibility

*Women and Violence in the Late Medieval Mediterranean, ca. 1100-1500* Lidia L. Zanetti Domingues,Lorenzo Caravaggi,Giulia M. Paoletti,2021-12-30 This pioneering work explores the theme of women and violence in the late medieval Mediterranean bringing together medievalists of different specialties and methodologies to offer readers an updated outline of how different disciplines can contribute to the study of gender based violence in medieval times Building on the contributions of the social sciences and in particular feminist criminology the book analyses the rich theme of women and violence in its full spectrum including both violence committed against women and violence perpetrated by women themselves in order to show how medieval assumptions postulated a tight connection between the two Violent crime verbal offences war and peace making are among the themes approached by the book which assesses to what extent coexisting elaborations on the relationship between femininity and violence in the Mediterranean were conflicting or collaborating Geographical regions explored include Western Europe Byzantium and the Islamic world This multidisciplinary book will appeal to scholars and students of history literature gender studies and legal studies
