**Inspiration in the Age of Enlightenment** Sarah Eron, 2014-03-20 Inspiration in the Age of Enlightenment reconsiders theories of apostrophe and poetic authority to argue that the Augustan age created a new form of inspiration one that not only changed the relationship of literary production to authority in the modern period but also crucially contributes to defining the movement of secularization in literature from the Renaissance to Romanticism Seeking to redefine what we mean by secularization in the early stages of modernity Eron argues that secularization's link to enthusiasm or inspiration often associated with Romanticism begins in the imaginative literature of the early eighteenth century If Romantic enthusiasm has been described through the rhetoric of transport or unworlding then Augustan invocation appears more akin to a process of worlding in its central aim to appeal to the social other as a function of the eighteenth century belief in a literary public sphere By reformulating the passive structure of ancient invocation and subjecting it to the more dialogical methods of modern apostrophe and address authors such as the Third Earl of Shaftesbury Alexander Pope Henry Fielding and Anna Laetitia Barbauld formally revise inspiration in a way that generates a new and distinctive representation of the author In this context inspiration becomes a social gesture an apostrophe to a friend or judging spectator or an allusion to the mental or aesthetic faculties of the author himself his genius Articulating this struggle toward modernity at its inception this book examines modern authority at the moment of its extraordinariness when it was still tied to the creative energies of inspiration to the revelatory powers that marked the awakening of a new age an era and an ethos of Enlightenment

**Henry Fielding's Tom Jones** Bernard Harrison, 1975 More and more often students are asking why they should be expected to read the established classics of literature TEXT AND CONTEXT is designed to suggest answers to questions such as How far are the values and priorities implied by great writers of the past still acceptable today How far do readers tend to accept any values they find in great literature simply because the artistic presentation is so pleasing For a masterpiece to come alive for a reader it must be seen to throw light on matters of still lively interest matters of moral social and political concern It is the nature of this dialogue between author and reader that is the concern of TEXT and CONTEXT Tom Jones advances a theory about morality Adverse critics have claimed that the theory is philosophically naive and that its presence enables Fielding to make do with flat and wooden characters The aim of this book is to show that when placed in the context of 18th century moral philosophy Fielding's moral theory appears far more subtle and complex than critics have supposed and that failure to understand the nature and implications of the theory has led critics to miss much of the force of Fielding's irony and to misunderstand the nature of his treatment of character Bernard Harrison

**Making Love** Paul Kelleher, 2015-07-16 In Making Love Sentiment and Sexuality in Eighteenth Century British Literature Paul Kelleher revises the history of sexuality from the vantage point of the literary history of sentimentalism Kelleher demonstrates how eighteenth

century British philosophers essayists and novelists fundamentally reconceived the relations among sentiment sexuality and moral virtue It is his contention that sentimental discourse both philosophical and literary posited heterosexual desire as the precondition of moral feeling and conduct The author further suggests that sentimental writers fashioned the ideal of conjugal love as an ideological antidote to the theories of self love and self interest found in the works of Thomas Hobbes and Bernard Mandeville Heterosexual desire and its culmination in conjugal love in other words were represented as the privileged means for an individual to transcend self love and to develop a moral sensibility attuned to the thoughts and feelings of others At the same time Kelleher suggests other pleasures and desires particularly those rooted in same sex eroticism were increasingly depicted as antithetical to conjugal love and thus were morally devalued and socially disenfranchised Kelleher s argument unfolds through close readings of a variety of texts including Shaftesbury s Characteristics of Men Manners Opinions Times Joseph Addison and Richard Steele s the Tatler and the Spectator Eliza Haywood s Love in Excess Samuel Richardson s Pamela and Henry Fielding s Tom Jones Although these texts embody diverse rhetorical strategies and thematic concerns he shows how they collectively reinforce an overarching sentimental ideology on the one hand heterosexual desire and conjugal love become synonymous with sympathy benevolence and moral goodness while on the other hand same sex desire is pathologized as a selfish withdrawal from procreation domesticity sociability and ultimately humanity itself

**Routledge Revivals: Henry Fielding and the Augustan Ideal Under Stress (1972)** Claude Rawson,2018-06-04 Originally published in 1972 Henry Fielding and the Augustan Ideal Under Stress focuses upon the various disruptive forces

in the literary culture of the Augustan period upon Nature's Dance of Death His discussion centres on aspects of Fielding's writing in relation to Augustan culture and civilization He also relates the works of such Augustans as Pope Swift and Smollett as well as some twentieth century writings to his overall theme He treats among other topics the crises in stylistic urbanity and in the mock heroic styles of this historically and artistically fascinating period [The English Novel in History 1700-1780](#) John Richetti,2003-09-02 The English Novel in History 1700 1780 provides students with specific contexts for the early novel in response to a new understanding of eighteenth century Britain It traces the social and moral representations of the period in extended readings of the major novelists as well as evaluating the importance of lesser known ones John Richetti traces the shifting subject matter of the novel discussing scandalous and amatory fictions criminal narratives of the early part of the century the more disciplined realistic and didactic strain that appears in the 1740 s and 1750 s novels promoting new ideas about the nature of domestic life novels by women and how they relate to the shift of subject matter This original and useful book revises traditional literary history by considering novels from those years in the context of the transformation of Britain in the eighteenth century **Falling Into Matter** Elizabeth R. Napier,2012-01-01 Falling into Matter examines the complex role of the body in the development of the English novel in the eighteenth century Elizabeth R. Napier argues that despite an increasing emphasis on the need to present ideas in corporeal terms early fiction writers continued to register spiritual and moral reservations about the centrality of the body to human and imaginative experience Drawing on six works of early English fiction Daniel Defoe's Robinson Crusoe Jonathan Swift's Gulliver's Travels Samuel Richardson's Clarissa Henry Fielding's Tom Jones Elizabeth Inchbald's A Simple Story and Mary Shelley's Frankenstein Napier examines how authors grappled with technical and philosophical issues of the body questioning its capacity for moral action its relationship to individual freedom and dignity and its role in the creation of art Falling into Matter charts the course of the early novel as its authors engaged formally stylistically and thematically with the increasingly insistent role of the body in the new genre *Approaches to Teaching the Novels of Henry Fielding* Jennifer Preston Wilson,Elizabeth Kraft,2015-12-01 Offers pedagogical techniques for teaching Henry Fielding's novels bringing considerations of epic comedy romance religion law politics class gender narrative voice style formalism historicism and book history into the college classroom Includes information on editions reference works biographies and online resources Gives syllabus suggestions for undergraduate and graduate courses **Theme, Structure, and Analogy in Fielding's "Joseph Andrews"** James Louis Rhem,1979 **The Literary Influence of Sarah Fielding: A Contemporary Perspective** Pasquale De Marco,2025-07-19 Embark on a literary journey through the remarkable world of Sarah Fielding an influential yet often overlooked figure in 18th century literature Discover the captivating story of a writer who transcended the boundaries of her time pushing the limits of narrative and exploring social issues with a keen eye and unwavering passion In this comprehensive exploration of Fielding's life and work we delve into the depths of her literary contributions examining the diverse genres she mastered and

Gabriel Andrade, 2025-05-06 *Medical Ethics and Moral Psychology An Integrative Approach* is a pioneering book which provides a comprehensive exploration of the ethical challenges in contemporary healthcare. Seamlessly combining insights from medical ethics and moral psychology, this interdisciplinary work illuminates critical issues that have become particularly relevant in recent times, especially in the context of culture wars. This integrative approach enables readers to gain a deeper understanding of how moral decision making is influenced by cognitive biases, societal attitudes, and philosophical frameworks. The book meticulously examines the complexities of vaccine mandates, addressing psychological resistance and conspiracy theories, while discussing self-defense arguments in abortion debates and the cognitive dissonance surrounding fetal personhood. It further provides a balanced analysis of euthanasia by navigating the nuanced distinctions between killing and letting die, and it interrogates the ethical implications of Assisted Reproductive Technologies amidst the clash of technological advancement and traditional values. By highlighting issues of justice in healthcare resource distribution, including systemic racism and equity, this work also equips readers with the tools necessary to engage thoughtfully with contemporary ethical dilemmas and the moral psychology aspects that contextualize them, fostering informed decision making and the development of just healthcare policies with greater sensitivity and depth. Drawing on insights from psychology, sociology, anthropology, and history to offer a comprehensive understanding of the complex dynamics shaping medical ethical decision making, this is ideal reading for students and researchers in moral psychology, medical ethics, philosophy, and public health. It is also designed for healthcare professionals, ethicists, and policymakers.

**The Sublime Crime** Stephanie Barbé Hammer, 1994 In this hermeneutic analysis of seven literary texts, Stephanie Barbé Hammer studies the roles of criminal protagonists in the dramas of George Lillo *The London Merchant* and Friedrich Schiller *The Robbers* and in the narratives of Abbé de Prévost *Manon Lescaut*, Henry Fielding *Jonathan Wild*, Marquis de Sade *Justine*, William Godwin *Caleb Williams*, and Heinrich von Kleist *Michael Kohlhaas*. Hammer reflects the current interest in cultural critique by utilizing the social theories of Michel Foucault and the feminist approaches of Hélène Cixous and Eve Sedgwick to redefine the Enlightenment as a movement of thought rather than as a strictly defined period synonymous with the eighteenth century. In addition, through the examination of the works of three post-World War II authors, Jean Genet, Anthony Burgess, and Peter Handke, Hammer suggests that the Enlightenment's artistic representations of criminality are unparalleled by subsequent modern literature. Hammer explains that the seven works she focuses on have been dismissed as failures by readers who have misunderstood the texts' aesthetic elements. While claiming that the form of these works breaks down under the pressure of their criminal protagonists, she asserts that this formal failure actually contributes to the success of the works as art. The works fail because, like the criminal characters themselves, they break laws. The criminal protagonist effectively sabotages the official story that the text seeks to tell by deflecting the plot, style, and formal requirements in question, subverting its message, be it moral, sentimental, or libertine, through a kind of structural undermining, forcing the text beyond

its own formal boundaries For example Hammer maintains that the presence of the criminal figure Millwood in Lillo's bourgeois tragedy actually makes the play covertly antibourgeois Hammer insists that the criminal's subversive presence in these seven works inaugurates new insight and her analysis thereby challenges late twentieth century readers to continue the investigation that the works themselves have begun This book will prove indispensable to scholars of comparative literature especially eighteenth century specialists as well as to all individuals interested in cultural critique Fielding, Dickens, Gosse, Iris Murdoch and Oedipal Hamlet Douglas Brooks-Davies, 1989-11-13
