Fifty Shades Of Grey Here :

Sexuality and Gender at Home Brent Pilkey, Rachael M. Scicluna, Ben Campkin, Barbara Penner, 2017-05-18 Sexuality and Gender at Home is the first book to explore the meanings and experiences of home through the framework of sexuality. Looking at a broad spectrum of sexuality, gender, and domesticity, it examines the many ways in which home is constructed, performed, and experienced in relation to sexuality and gender. Considering identity issues such as age, class, ethnicity, and gender, the authors problematize intimacy and question conventional ways of thinking about allegedly private home space. Comprehensive introductions to each of the book's three sections on Intimacy and Home, Queering Home, and Beyond Home provide a coherent overview of the existing literature as well as additional historical and cultural context. Fourteen chapters present ground-breaking research and insights into sexuality, gender, and home across culture, time, and space. Written by academics from a range of subject disciplines, chapters are based on research covering countries including Australia, France, Sweden, the UK, the USA, Guyana, Israel, and Singapore. This highly original text is the ideal starting point for anyone wishing to get to grips with the emerging field of sexuality, gender, and home and will particularly appeal to researchers and students in anthropology, architecture, gender studies, sociology, and human geography.

Romance Fandom in 21st-Century Pakistan Javaria Farooqui, 2024-10-31 Romance Fandom in 21st century Pakistan offers the first major study of English-speaking romance fandom in South Asia, providing a new reader-centric model that engages with romance readers as genre experts. Javaria Farooqui inspects the popular Anglophone romance reading community in Pakistan and develops a model for analysing genre romance novels through the lens of the readers' perspective and preferences. Using focus group interviews and close textual analysis, Romance Fandom in 21st century Pakistan explores where and how readers access books of their choice and explains why the detailed descriptions of dresses, food, and spaces in historical romance novels of the Regency era exemplify good taste for this distinctive readership. Sitting at the intersection of literary studies, genre studies, and fan studies, this book considers the reception of Anglophone romance fiction by reading communities of colour.

Media and Everyday Life Tim Markham, 2022-12-01 Media and Everyday Life offers an accessible overview for students of media communication and cultural studies, looking to explore how modern-day media practices impact on the experience of everyday life, making this the essential companion to introductory media studies courses. This innovative introduction to media studies challenges conventional accounts of what media do to people, focusing instead on what people do with media in the course of everyday life. By rejecting the conventional media studies approach, the book provides a fresh way of thinking about media cultures and provokes thought into how media influences daily social norms. Each chapter offers a broad discussion of various facets of media, such as technology, social media, and industries. Key trends and traditions are also considered, helping to define how media has become so entwined in the everyday experience. This second edition has been thoroughly updated to incorporate all the recent developments in media, including new social media platforms, new technologies like wearables, and smart
