Figures Du Juge Administratif:

Contentieux administratif. 2e éd. Alix Perrin, 2021-06-02 Contentieux administratif un plan de cours d'analyse et une synthèse des notions clés Matière fondamentale du droit public français le contentieux administratif a pour objet principal le règlement des litiges survenant à l'occasion d'une activité administrative Le plan original de ce nouvel ouvrage répond aux différentes questions que se pose un justiciable ou un étudiant qui s'intéresse au contentieux administratif Qui est le juge administratif et plus particulièrement quelles sont ses attributions Dans quelles circonstances quelles conditions et comment le justiciable peut-il s'adresser à la juridiction administrative Que peut-il demander et obtenir du juge administratif Enfin que peut et que doit faire le juge administratif pour résoudre les litiges dont il est saisi **Le dialogue des juges**

Bernard-Raymond Guimond, 2022-05-30 Le présent ouvrage dresse celles et ceux qui s'intéressent à la science du droit apporte des propositions pour la construction d'un dialogue utile au service de la justice Fruit d'une collaboration avec plusieurs chercheurs cette analyse des rapports fonctionnels entre les juges d'aligne le caractère essentiellement dialogique du droit Les différents auteurs montrent que dans un système de judicial globalization le dialogue des juges tend à internationaliser tant sur le plan vertical que sur le plan horizontal une juridiction qui ne s'ouvre pas sur l'extérieur via le droit comparé court le risque d'être isolée Ainsi importer les décisions étrangères permet de montrer que le juge s'inscrit dans un dialogue institutionnel transnational Le souci majeur dans la présente réflexion est l'intérêt du justiciable Ce dernier a besoin pour sa sécurité d'un juge proche de lui et résolvant rapidement ses problèmes Que l'on se situe au plan national ou international dans sa verticalité et dans son horizontalité la protection des droits du citoyen doit être la priorité du juge Le présent ouvrage contribue à la structuration et à la transformation du droit dans les systèmes juridictionnels intérieurs et internationaux

Les fictions juridiques en droit administratif Delphine Costa, 2000 **The Oxford Handbook of Comparative Administrative Law** Peter Cane, Herwig C H Hofmann, Eric C Ip, Peter L Lindseth, 2020-12-17 The comparative study of administrative law has a long history dating back more than 200 years It has enjoyed a renaissance in the past 15 years or so and now sits alongside fields such as comparative constitutional law and global administrative law as a well established area of scholarly research This book is the first to provide a broad and systematic view of the subject both in terms of the topics covered and the legal traditions surveyed In its various parts it surveys the historical beginnings of comparative administrative law scholarship discusses important methodological issues examines the relationship between administrative law and regime type analyses basic concepts such as administrative power and accountability and deals with the creation functions and control of administrative power and values of administration The final part looks to the future of this young sub discipline In this volume distinguished experts and leaders in the field discuss a wide range of issues in administrative law from a comparative perspective Administrative law is concerned with the conferral nature exercise and legal control of administrative or executive governmental power It has close links with other areas of public law notably constitutional law

and international law It is of great interest and importance not only to lawyers but also to students of politics government and public policy Studying public law comparatively helps to identify both similarities and differences between the way government power and its control is managed in different countries and legal traditions
