F. Titus,1960 The penetration into concrete of gamma radiation from fallout has been measured in an idealized geometry as a function of time after the detonation of a nuclear device At the same time the exposure dose rate in air at heights of 3 and 9 ft above the ground was measured with two detectors suspended from a tower and shielded from above with lead so as to be sensitive primarily to radiation from fallout on the ground For this test a sandwich made of seven concrete slabs forming a mass of concrete with face dimensions large enough to reduce edge effects to a negligible amount was buried with its top surface flush with the ground Remote reading detectors were placed between the concrete slabs thus permitting measurements of dose rate as a function of depth in concrete The concrete mass and the tower were located in

the center of a cleared and leveled area approximately 200 yd in diameter Thus the gamma radiation at the detectors originated from an essentially infinite plane source of radiation Results are presented both as a function of time after detonation and of depth of penetration of the radiation into concrete A comparison of the results with theoretical calculations is made Author **McGraw-Hill's CBEST** McGraw Hill,2011-02-22 From the most trusted name in educational publishing comes this complete preparation for the entrance exam required by California s Department of Education McGraw Hill s CBEST offers you complete preparation for the CBEST California Basic Educational Skills Test which is required for teacher licensure in the state of California and is also accepted by the state of Oregon in lieu of the Praxis The test consists of three sections Reading 50 multiple choice questions Mathematics 50 multiple choice questions and Writing 2 essay topics This test guide includes skill building drills in every topic area with more than 300 practice questions for maximum test prep values The included diagnostic exam helps you focus your preparation efforts Features Review of all topics tested mathematics reading and writing Three full length practice tests Practice with sample tests modeled on the real exam Test taking tips and strategies Information about Traditional Route and Alternate Inside information on launching and pursuing a teaching career Topics include Introduction to the California Basic Educational Skills Test The Exam Test Taking Strategies Diagnostic CBEST CBEST Reading CBEST Mathematics Estimation Measurement and Statistical Principles CBEST Mathematics Computation and Problem Solving CBEST Mathematics Numerical and Graphic Relationships Writing Tests and Measurements in High School Instruction Giles Murrell Ruch,George Dinsmore Stoddard,1927 *Introductory Algebra* Margaret L.
