

Full-length portraits

Learn some fun and creative poses for improving your people pictures

Anybody with a Canon D-SLR can take a portrait. You just get somebody to look down your lens and you press the shutter button, right? But to capture top-quality portraits like the pros, you need to put some more thought and preparation

into your shots. Once your Canon is set up, and exposure and lighting are sorted, it's really down to your composing and the model's posing to work together for the best results. In part one of your free portrait posing guide you'll learn all the skills you

need to instantly transform your portraiture. From how to set up, shoot and style your own photo shoot to injecting some creativity and working on connecting and collaborating with your subjects, these are essential skills you'll need to take portraits like the pros.
