McGraw-Hill Education,2002-02 **The Fall of the House of Speyer** George W. Liebmann,2015-08-06 The dramatic story of the last fifty years of the Speyer banking dynasty a Jewish family of German descent is surprisingly little known today yet at the turn of the 20th century Speyer was the third largest investment banking firm in the United States behind only Morgan and Kuhn Loeb It had branches in London Frankfurt and New York and the projects it financed included the Southern Pacific Railroad the London Underground and the infrastructure of the new Cuban republic Later it was the first major banking firm to finance Germany's Weimar Republic as well as providing League of Nations loans to Hungary Greece and Bulgaria Yet the firm was doomed by the nationalist passions aroused by World War I Its English partner was denaturalised and exiled its American partner enjoyed reduced standing because of his connection to Germany and the Frankfurt branch closed with the coming of the Third Reich its German partner fleeing into exile The firm was dissolved in 1939 a surprisingly anticlimactic end to one of the great international banking companies of modern times George W Liebmann here tells the story of the firm and the family shedding new light on the protagonists of a remarkable dynasty who came undone in the dramatic years of the early 20th century *International Development* Bruce Currie-Alder,Ravi Kanbur,David M. old disputes reviving and new antipathies thriving What the Gulf War did not change was the potential for political instability Although authoritarian regimes remained intact the war both spurred popular demands for democracy and encouraged militant Islamic movements back cover
