

GRI SUSTAINABILITY REPORTING PROCESS

Global Reporting Initiative Report

**Othmar M. Lehner, Theresia
Harrer, Hanna Silvola, Olaf Weber**

Global Reporting Initiative Report:

Global Reporting Initiative (GRI) Olubusayo Aina, In today's interconnected world the concept of sustainability has become a vital pillar for businesses governments and society at large The pressing challenges of climate change resource depletion social inequality and economic instability demand a new way of operating one that balances the needs of people planet and profit Organizations worldwide are recognizing that their long term success depends not only on financial performance but also on their environmental stewardship and social responsibility This growing awareness has fueled the rise of sustainability reporting a practice that helps organizations measure disclose and manage their impact on the environment and society Among the various frameworks developed to guide these efforts the Global Reporting Initiative GRI stands out as the most widely adopted and comprehensive sustainability reporting standard globally **The Routledge Handbook of Green Finance** Othmar M. Lehner, Theresia Harrer, Hanna Silvola, Olaf Weber, 2023-11-08 Green finance is heralded in theory and practice as the new panacea the ideal way to support the green transition of businesses into more sustainable environmentally responsible forms by means of incentivized financial investments This handbook brings together a variety of expert scholars with industry specialists to offer the most authoritative overview of green finance to date presenting the current situation in the field It focuses on green finance in a comprehensive way discussing its characteristics underlying principles and mechanisms The book carefully illuminates the issues surrounding green finance and delineates its boundaries mapping out and displaying the disparate voices traditions and professional communities engaged in green and sustainable finance activities Specifically it examines the environmental in the environmental social and governance ESG measurements while also discussing the interplay between each measurement It develops a range of analytic approaches to the subject both appreciative and critical and synthesizes new theoretical constructs that make better sense of hybrid financial relationships Furthermore the handbook illustrates existing best practices and theories and critically examines the gaps to derive the necessary future research questions It highlights the essential issues and debates and provides a robust research agenda As such it helps to create an effective market for the various green financing instruments through clarification and standardization This handbook will be the standard reference work for a broad audience encompassing scholars researchers and students but also interested professionals regulators and policymakers wishing to orient themselves in a rapidly developing and increasingly topical field Strategic Sustainability Daniel Fogel, 2016-03-22 Strategic Sustainability examines how organizations can implement environmental sustainability science theories and ways of thinking to become more competitive Including examples and ideas implemented in various countries it is based on known scientific principles about the natural world and organizational principles focusing on the work domain The intersection of these two realms of research creates a powerful and new approach to comprehensive seemingly contradictory issues Daniel S Fogel draws from disparate fields and creates a story about organizations their future and how people are part of the problem and

more importantly part of the solution Readers will find ways to take action to improve organizations and avoid denigrating our natural environment learning to be mindful of the urgency we should feel to improve our impact on the world The focus on the natural environment provides a powerful focus for creating value in organizations and addressing the major challenges we all face Advanced sustainability students working professionals and board members managers and legislators responsible for governing organizations or implementing public policy will find this book useful A companion website features an instructor s manual with test questions as well as 38 10 minute videos for classroom use

Dictionary of Corporate Social Responsibility Samuel O. Idowu, Nicholas Capaldi, Matthias S. Fifka, Liangrong Zu, René Schmidpeter, 2015-02-03 This book is a concise and authoritative reference work and dictionary in the field of corporate social responsibility sustainability business ethics and corporate governance It provides reliable definitions to more than 600 terms and concepts for researchers and professionals alike By its definitions the dictionary helps users to understand the meanings of commonly used terms in CSR and the roles and functions of CSR related international organizations Furthermore it helps to identify keynotes on international guidelines codes and principles relevant to CSR The role of CSR in the business world has developed from a fig leaf marketing front into an important and indispensable aspect of corporate behavior over the past years Sustainable strategies are valued desired and deployed more and more by relevant players in business politics and societies all over the world Both research and corporate practice therefore see CSR as a guiding principle for business success

The Governance Gap Penelope Simons, Audrey Macklin, 2014-07-11 This book explores the persistence of the governance gap with respect to the human rights impacting conduct of transnational extractive corporations operating in zones of weak governance The authors launch their account with a fascinating case study of Talisman Energy s experience in Sudan informed by their own experience as members of the 1999 Canadian Assessment Mission to Sudan Harker Mission Drawing on new governance reflexive law and responsive law theories the authors assess legal and other non binding governance mechanisms that have emerged since that time including the UN Guiding Principles on Business and Human Rights They conclude that such mechanisms are incapable of systematically preventing human rights violating behaviour by transnational corporations or of assuring accountability of these actors or recompense for victims of such violations The authors contend that home state regulation while not a silver bullet has a crucial role to play in regulating such conduct They pick up where UN Special Representative John Ruggie s Guiding Principles on Business and Human Rights left off and propose an innovative robust and adaptable template for strengthening the regulatory framework of home states Their model draws insights from the theoretical literature leverages existing public private transnational national soft and hard regulatory tools and harnesses the specific strengths of state based governance This book will be of interest to academics policy makers students civil society and business leaders

Governance and Sustainability David Crowther, Shahla Seifi, 2020-10-21 An analysis of the issues raised concerning both sustainability and governance and an

investigation of approaches taken to dealing with these issues The research has been developed by experts from around the world who each look at different issues in different contexts

Encyclopedia of Sustainable Management Samuel Idowu, René Schmidpeter, Nicholas Capaldi, Liangrong Zu, Mara Del Baldo, Rute Abreu, 2023-11-21 This encyclopedia is the most comprehensive and up to date source of reference for sustainability in business and management It covers both traditional and emerging concepts and terms and is fully international in its scope More than 700 contributions of internationally renowned experts provide a definitive access to the knowledge in the area of sustainable and responsible management All actors in the field will find reliable and up to date definitions and explanations of the key terms and concepts of management in this reference work The Encyclopedia of Sustainable Management represents all aspects of management and business conduct It takes sustainability as a management concept that gives due credit to the complexity and diverging constraints in which businesses and corporations act today and it emphasizes and focuses approaches that help ensure that today's management decisions and actions will be the basis for tomorrow's prosperity

Sustainability Performance and Reporting Irene M. Herremans, 2020-06-19 This book provides a step by step approach for organizations to reap benefits from a more sustainable approach As organizations tackle global challenges the faces of our businesses and our economic system are changing to consider the interests of all stakeholders rather than just shareholders This book provides a step by step approach for organizations to reap benefits from a more sustainable approach It begins with a brief history of the concept of sustainability as it applies to both performance and reporting Implementing sustainability in an organization begins with the development of policies which are consistent with the expectations of its stakeholders An organization's active participation in multi stakeholder initiatives helps to align the policies with societal trends Once the policies are developed a management system is crucial to ensure congruence of policies with actual performance Then periodic reporting of performance based on well recognized standards aids stakeholders in assessing an organization's performance reporting also helps stakeholders to determine if performance aligns with their expectations Both internal and external assurances build stakeholder trust in the organization's performance and reporting Finally the book concludes with a reflection on key messages and potential future actions for continuous improvement

Accounting: An Introduction, 6/E Peter Atrill, Eddie McLaney, David Harvey, 2014-08-28 Accounting an introduction by Atrill provides a clear and approachable introduction to accounting and finance for those seeking to understand the main concepts and their practical application to good decision making

CIMA Official Learning System Financial Management Luisa Robertson, 2009-08-19 The 2010 edition has been written in conjunction with the examiner to fully reflect what could be tested in the exam Fully revised with additional readings and examples it provides complete study material for the May and November 2010 exams
