industrial labor force including stardom and with determining how that work's value accrues from the Hollywood brand stamped onto the product Cohan supports his well theorized and well researched claims with nuanced discussions of over fifty backstudios some canonical and well known and others obscure and rarely seen Covering the hundred year timespan of feature length film production Hollywood by Hollywood offers an illuminating perspective for considering anew the history of American movies

**Honor, Romanticism, and the Hidden Value of Modernity** Jamison Kantor, 2023-01-19 Despite our preconceptions Romantic writers artists and philosophers did not think of honor as an archaic or regressive concept but as a contemporary even progressive value that operated as a counterpoint to freedom a well known preoccupation of the period's literature Focusing on texts by William Godwin William Wordsworth Jane Austen Walter Scott Mary Prince and Mary Seacole this book argues that the revitalization of honor in the first half of the nineteenth century signalled a crisis in the emerging liberal order one with which we still wrestle today how can political subjects demand real materialist forms of dignity in a system dedicated to an abstract and often impoverished idea of liberty Honor Romanticism and the Hidden Value of Modernity presents both a theory and a history of this question in the media of the Black Atlantic the Jacobin novel the landscape poem and the financial romance
