delicious in a pre Christmas batch I personally think that the exciting sharpness of marmalade is at its very best when the marmalade is fresh but however long you keep it before you eat it the most gratifying thing is that every jar you make will be uniquely your own The recipes in this book are my own handed down from my mother and many generous and accomplished cooks as well as borrowed favourites from friends They've been tried and tested over the years and tinkered with along the way to suit more modern tastes Methods vary slightly from one recipe to another but isn't that the beauty of home cooking I hope you enjoy making marmalade whatever the season and that you find your favourite among the many in this special collection
