Homme Sans Visage L:

Encyclopedia of French Film Directors Philippe Rège, 2009-12-11 Cinema has been long associated with France dating back to 1895 when Louis and Auguste Lumi_ re screened their works the first public viewing of films anywhere Early silent pioneers Georges MZli_s Alice Guy BlachZ and others followed in the footsteps of the Lumi_ re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond In Encyclopedia of French Film Directors Philippe R ge identifies every French director who has made at least one feature film since 1895 From undisputed masters to obscure one timers nearly 3 000 directors are cited here including at least 200 filmmakers not mentioned in similar books published in France Each director s entry contains a brief biographical summary including dates and places of birth and death information on the individual s education and professional training and other pertinent details such as real names when the filmmaker uses a pseudonym The entries also provide complete filmographies including credits for feature films shorts documentaries and television work Some of the most important names in the history of film can be found in this encyclopedia from masters of the Golden Age_Jean Renoir and RenZ Clair_to French New Wave artists such as Fran_ois Truffaut and Jean Luc Godard Malévitch Jean-Claude Marcadé, 1990 , *Apollinaire and the Faceless Man* Willard Bohn, 1991 This book examines the creation of a startling motif at the beginning of the twentieth century that of the faceless man and traces its evolution over the next few years The faceless man evolved in different directions His strategic location ensured that he would be adopted by numerous schools and shaped according to their particular needs Le Syndrome de la Reine Rouge Arthur Baudry, 2020-09-01T00:00:00Z Seattle 2040 Le d r glement climatique et l effondrement des cosyst mes s acc l rent La comp titution pour l acc s aux ressources s intensifie Les Etats Unis sont en proie une descente nerg tique incontr l e et une contraction conomique subie Exsangue par plusieurs d cennies de conflits militaires avec le bloc sino russe le pouvoir politique ultralib ral accompagne le d mant lement de l Am rique f d rale en tats rivaux et organise la privatisation de l action publique au profit d une soci t de march d r gul e et atomis e Agent f d ral jug inapte l exercice de sa fonction suite un pisode d pressif de veuvage et r affect la police locale de Seattle le commissaire Terran Springs est charg d une nigmatique et effroyable affaire de meurtres qui va l amener parcourir le monde Ce voyage initiatique va le pousser s interroger sur le sens de la civilisation et de l h ritage culturel le rapport de l homme la nature les risques de dislocation des soci t s humaines complexes la n cessit de la conscience politique et la capacit tirer des le ons des erreurs du pass S inscrivant dans la tradition de la litt rature d anticipation l oeuvre revisite un genre populaire parsem de r f rences culturelles et de mati res r flexion inspirantes au carrefour du thriller psychologique haletant et du r cit d aventure captivant comme pour mieux nous mobiliser sur l enjeu du XXI me si cle qu est la destruction des conditions d existence du vivant **L'Evangile d'un libre penseur** Gabriel Ringlet, 2013-01-02 Comme de proches parents trop longtemps s par s vangile et libre pens e me paraissent devoir se rejoindre au del d une douloureuse histoire qui s acharne les dresser l un contre l autre L un comme l autre rel vent de l

oeuvre d'art de l'ouvrage remettre chaque jour sur le métier. Tous deux encouragent l'homme à partir au large et mieux respirer. Je crois vraiment oui sans la moindre récupération que la libre pensée est une bonne nouvelle et que l'évangile appelle la liberté. Convaincu depuis longtemps de la nécessité d'un renouveau spirituel aussi bien dans le monde laïc que dans le christianisme, Gabriel Ringlet lance ici un vibrant appel au dialogue entre ceux qui croient au ciel et ceux qui n'y croient pas. Pour lui, les vertus de la laïcité et le retournement auquel invite l'évangile procèdent d'une même aspiration : l'affranchissement de l'homme et doivent se féconder mutuellement pour répondre à la crise de la pensée occidentale. Aussi familier de l'univers chrétien que de ceux du journalisme de l'université ou de la politique, Gabriel Ringlet dont le témoignage a obtenu le Prix des Libraires de Littérature religieuse en 1999 nous offre un livre fondateur enraciné dans les problèmes concrets de la vie de la cité mais résolument tourné vers l'utopie : c'est dire le changement de lieu.

Georges Franju Kate Ince, 2019-01-04. Georges Franju is the fullest study to date of this little known French director, the co-founder of the Cinéma mathématique français and the first book on him in English since 1967. Born in 1912 but only enjoying his real debut as a director in 1948 with his notorious documentary about Parisian abattoirs *Le Sang des bêtes*, Franju went on to make thirteen more short movies and eight long movies, including his horror classic *Les Yeux sans visage*. Ince takes a new approach to Franju's films, investigating the areas of genre and gender and grouping the films thematically rather than chronologically. A chapter on Franju's cinematic aesthetics offers a new synthesis of existing writings combined with the author's responses to the films. A full introduction and conclusion set Franju's directorial career in the context of his lifelong commitment to France's cinema institutions. Georges Franju will be essential reading on Franju and of great interest to researchers, academics and students in film studies.

Les Géants d'Albion Martin Rouillard,2014-09-03 peine une semaine s'est coulée depuis la première aventure de Samuel Osmond mais d'aujourd'hui les descendants du Gardien de Lengendes sur Metverold Le sorcier de l'Yfel cherche saboter une autre légende et cette fois-ci la naissance d'une nation est menacée Pire encore le sorcier n'agit pas seul Une créature aussi terrifiante que rusée l'accompagne et Samuel devra se montrer plus malin qu'eux pour protéger cette légende Samuel se joint aux descendants des Troyens alors qu'ils approchent d'Albion Dans cette contrée il forgera de nouvelles amitiés mais il affrontera galement de terribles dangers En compagnie d'Angeline il découvrira que la guerre entre Virtus et l'Yfel n'est pas aussi simple qu'il l'avait cru Quelles sont les véritables intentions de l'Yfel Et quel secret fut enfoui par Virtus dans les profondeurs d'Albion Tandis que Samuel livre une nouvelle bataille au sorcier de l'Yfel il devra faire face ces questions et leurs terrifiantes réponses **Flaubert, Beckett, NDiaye** Andrew Asibong,Aude Campmas,2017-01-23 Gustave Flaubert Samuel Beckett and Marie NDiaye can be considered as visionaries of a peculiarly radical form of failure their protagonists and texts alike sliding inexorably into unmanageable states of paradox incompleteness and disintegration What are the implications of these authors' experiments in splitting and negativity experiments which seem to indulge the most cynical aspects of nihilism whilst at the same time grappling with the very foundations of politicized and psychic truth In this unusual edited volume of comparative analyses Andrew Asibong and Aude Campmas bring together ten provocative and illuminating essays each of which approaches the various failures of the bizarre trio of canonical francophone writers along three principal axes of investigation the aesthetic the emotional and the political Le personnage dans l'œuvre de Raymond Queneau Daniel Delbreil,2000 *This "Self" Which Is Not One* Natalie Edwards,Christopher Hogarth,2010-03-08 *The Self Which is Not One* Women's Life Writing in French assembles articles on women's life writing from diverse areas of the Francophone world It is comprised of nine chapters that discuss female writers from North Africa Sub-Saharan Africa the Caribbean and Europe in addition to French writers The idea of the self is currently attracting widespread interest in academia most notably in the arts and humanities The development of postmodernism supposes a fragmented subject formed from the network of available discourses rather than a stable and coherent self Jacques Derrida for example wrote that there is no longer any such things as a full subject and Julia Kristeva now insists that the individual is a subject in process The growing importance of psychoanalytic theory particular in French studies has also impacted upon this development The basic tenet of psychoanalytic theory is that the individual is formed of a duality the conscious and unconscious parts of the self which prevent the individual from ever fully knowing her/himself and which thus insists upon a plural incomplete self Developments in the field of postcolonial studies have also made us aware of different ways of approaching the self in

different parts of the world and eroded the idea of a stable conscious and complete self As scholars examine these new ways of approaching the self autobiography has been the subject of renewed interest Several academic books have appeared in recent years that study the ways in which autobiographers represent the self as incomplete evolving and elusive In particular a number of books have appeared on the subject of women s autobiography and female subjectivity such as works by Sidonie Smith Julia Watson and Nancy Miller and several volumes interrogate postcolonial women s autobiography such as texts by Fran oise Lionnet Gayatri Spivak Carole Boyce Davies and Chandra Mohanty Our volume unites these strands of criticism by examining ways that female autobiographies write the self as a fragmented plural construct across the Francophone world This will be the first book length study of this important development This volume will be of interest primarily to students and scholars working in the areas of life writing French and Francophone studies postcolonial studies and gender studies The volume contributes to multiple areas that are currently garnering substantial interest in academe postcolonial studies Francophone studies gender studies and women s writing By comparing works from across the Francophone world our volume takes a global approach to the genre of autobiography and its inflections by women writers The Self That is Not One in Women s Autobiography in French therefore represents a timely intervention in several interlinking academic fields and will thus garner substantial interest
