*Hogs, Blogs, Leathers and Lattes* William E. Thompson, 2012-09-18 This book combines more than 45 years of the author's riding experiences with data collected over five years of systematic observation and extensive ethnographic interviews with over 200 male and female riders. Much has been written about hardcore bikers but there has been little scholarly research on the much larger segment of the population more aptly called motorcycle enthusiasts. This book focuses on them: the hard working plumbers, truck drivers and other blue collar workers as well as the white collar executives, doctors and other professionals who are mostly married, have mortgages, pay their bills, obey the law and on weekends and holidays participate in a favorite pastime riding motorcycles.

**Women at the Wheel** Katherine J. Parkin, 2017-09-05 Ever since the Ford Model T became a vehicle for the masses the automobile has served as a symbol of masculinity The freedom of the open road the muscle car s horsepower the technical know how for tinkering all of these experiences have largely been understood from the perspective of the male driver Women in contrast were relegated to the passenger seat and have been the target of stereotypes that portray them as uninterested in automobiles and more perniciously as poor drivers In *Women at the Wheel* Katherine J Parkin illuminates the social implications of these stereotypes and shows how they have little basis in historical reality With chapters on early driver s education and licensing programs and on buying driving and caring for cars she describes a rich cast of characters from Mary Landon the first woman ever to drive in 1899 to Dorothy Levitt author of the first automotive handbook for women in 1909 to Margie Seals who opened her garage *My Favorite Mechanic Is a Woman* in 1992 Although women drove and had responsibility for their family s car maintenance twentieth century popular culture was replete with humorous comments and judgmental critiques that effectively denied women pride in their driving abilities and car related expertise Parkin contends that despite women s long history with cars these stereotypes persist

*The Thumpin'* Naftali Bendavid, 2008-12-10 In the 2006 midterm elections the Democratic party ended twelve years of electoral humiliation by seizing back Congress and putting an end to Republican rule *The Thumpin'* is the story of that historic victory and the man at the center on whom Democratic hopes hinged Congressman Rahm Emanuel head of the Democratic Congressional Campaign Committee DCCC Chicago Tribune reporter

Naftali Bendavid had exclusive access to Emanuel and the DCCC in the year and a half leading up to the elections and ended up with the story of a lifetime the thrilling blow by blow account of how Emanuel remade the campaign in his own ferocious image Responsible for everything from handpicking Congressional candidates to raising money for attack ads Emanuel a talented ballet dancer better known in Washington for his extraordinary intensity and his inexhaustible torrents of profanity threw out the playbook on the way Democrats run elections Instead of rallying the base Rahm sought moderate to conservative candidates who could attract more traditional voters Instead of getting caught in the Democrats endless arguments about their positions he went on the attack personally vilifying Republicans from Tom DeLay to Christopher Shays And instead of abiding by the gentlemen s agreements of good old boy Washington he broke them attacking his counterpart in the Republican party and challenging Howard Dean the chairman of his own party In 2005 no one believed victory was within the Democrats grasp But as the months passed Republicans were caught in wave after wave of scandal support for the war in Iraq steadily declined and the president s poll numbers plummeted And in Emanuel the Democrats finally had a killer a ruthless closer like Karl Rove or Lee Atwater poised to seize the advantage and deliver what President Bush would call a thumpin Taking its cues from classic political page turners like Showdown at Gucci Gulch and documentaries like The War Room The Thumpin takes us inside the key races and the national strategy making that moved the Democrats from forecasted gains of three seats in 2005 to a sweeping gain of thirty seats when the votes were finally counted Through this masterful account of Rahm s rout Bendavid shows how the lessons the Democrats learned in 2006 to fight for every vote to abandon litmus tests and to take no prisoners will be crucial to the party s future electoral success and shape the political course the nation will take in the twenty first century
