1 Introduction

Introduce the document by describing the target audience and the systems that will be covered by the Operations Guide.

Sample text: This guide is intended for Database Administrators and System Administrators who manage *[application/system/database]*. Throughout this guide, the term DBA and SA will be used to mean either a Database Administrator or a System Administrator.

1.1 System Overview

Explain, in general terms, the system and the purpose for which it is intended.

System:	Details
Functions	Major functions performed by the system
Owner	Responsible organization
Architecture	System architecture
Name	System name or title
User access mode	e.g. graphical user interface

1.2 Authorized Use

Provide a warning regarding unauthorized usage of the system and making unauthorized copies of data, software, reports, and documents. If permissions need to be obtained, describe the process.

1.3 Points of Contact

Identify the points of contact (POCs) that may be needed by the user for informational and troubleshooting purposes.
