July 1914 Countdown To War:

7/1/1914 Sean McMeekin, 2013-04-09 Focusing on the weeks preceding the beginning of World War I traces the efforts of a group of statesmen who used the assassination of Archduke Ferdinand which was largely ignored to trigger the outbreak of war *July 1914* Sean McMeekin, 2014 The outbreak of the First World War was a drama never surpassed One hundred

years later the characters still seem larger than life Archduke Franz Ferdinand brooding heir to the Habsburg throne the fanatical Bosnian Serb assassins who plot to murder him Conrad and Berchtold the Austrians who exploit the outrage Kaiser Wilhelm and Bethmann Hollweg backing up the Austrians Sazonov Russian Foreign Minister trying to live down a reputation for cowardice Poincaré and Paléologue two French statesmen who urge on the Russians and not least Winston Churchill who alone among Cabinet officials in London perceives the seriousness of the situation in time to take action July 1914 tells the story of Europe's countdown to war through the eyes of these men between the bloody opening act on 28 June 1914 and Britain's final plunge on 4 August which turned a European conflict into a world war The outbreak of war was no accident of fate Individual statesmen pursuing real objectives conjured up the conflict in some cases by conscious intention While some sought honourably to defuse tensions others all but oozed with malice as they rigged the decks for war Dramatic inevitably tense and almost forensically observed Sean McMeekin's unique book retells the story of that cataclysmic month making clear as never before who was responsible for the catastrophe You will never think the same way again about the origins of the First World War **July 1914**, 1975 **The Next Great War?** Richard N. Rosecrance, Steven E. Miller, 2014-11-21

Experts consider how the lessons of World War I can help prevent U S China conflict A century ago Europe's diplomats mismanaged the crisis triggered by the murder of Archduke Franz Ferdinand of Austria and the continent plunged into World War I which killed millions toppled dynasties and destroyed empires Today as the hundredth anniversary of the Great War prompts renewed debate about the war's causes scholars and policy experts are also considering the parallels between the present international system and the world of 1914 Are China and the United States fated to follow in the footsteps of previous great power rivals Will today's alliances drag countries into tomorrow's wars Can leaders manage power relationships peacefully Or will East Asia's territorial and maritime disputes trigger a larger conflict just as rivalries in the Balkans did in 1914 In *The Next Great War* experts reconsider the causes of World War I and explore whether the great powers of the twenty first century can avoid the mistakes of Europe's statesmen in 1914 and prevent another catastrophic conflict They find differences as well as similarities between today's world and the world of 1914 but conclude that only a deep understanding of those differences and early action to bring great powers together will likely enable the United States and China to avoid a great war Contributors Alan Alexandroff Graham Allison Richard N Cooper Charles S Maier Steven E Miller Joseph S Nye Jr T G Otte David K Richards Richard N Rosecrance Kevin Rudd Jack Snyder Etel Solingen Arthur A Stein Stephen Van Evera **Austria 1867-1955** John W. Boyer, 2022-09-15 *Austria 1867-1955* connects the political history

of German speaking provinces of the Habsburg Empire before 1914 Vienna and the Alpine Lands with the history of the Austrian Republic that emerged in 1918 John W Boyer presents the case of modern Austria as a fascinating example of democratic nation building The construction of an Austrian political nation began in 1867 under Habsburg Imperial auspices with the German speaking bourgeois Liberals defining the concept of a political people Volk and giving that Volk a constitution and a liberal legal and parliamentary order to protect their rights against the Crown The decades that followed saw the administrative and judicial institutions of the Liberal state solidified but in the 1880s and 1890s the membership of the Volk exploded to include new social and economic strata from the lower bourgeoisie and the working classes Ethnic identity was not the final structuring principle of everyday politics as it was in the Czech lands Rather social class occupational culture and religion became more prominent variables in the sortition of civic interests exemplified by the emergence of two great ideological parties Christian Socialism and Social Democracy in Vienna in the 1890s The war crisis of 1914 1918 exploded the Empire with the Crown self destructing in the face of military defeat chronic domestic unrest and bitter national partisanship But this crisis also accelerated the emergence of new structures of democratic self governance in the German speaking Austrian lands enshrined in the republican Constitution of 1920 Initial attempts to make this new project of democratic nation building work failed in the 1920s and 1930s culminating in the catastrophe of the 1938 Nazi occupation After 1945 the surviving legatees of the Revolution of 1918 reassembled under the four power Allied occupation which fashioned a shared political culture which proved sufficiently flexible to accommodate intense partisanship resulting by the 1970s in a successful republican system organized under the aegis of elite democratic and corporatist negotiating structures in which the Catholics and Socialists learned to embrace the skills of collective but shared self governance

Our Friend the Enemy David W. Cameron, 2014-10-01 Our Friend the Enemy is the first detailed history of the Gallipoli campaign at Anzac since Charles Bean's Official History Viewed from both sides of the wire and described in first hand accounts Australian Captain Herbert Layh recounted that as they approached the beach on 25 April that once we were behind cover the Turks turned their fire on us and gave us a lively 10 minutes A poor chap next to me was hit three times He begged me to shoot him but luckily for him a fourth bullet got him and put him out of his pain Later that day Sergeant Charles Saunders a New Zealand engineer described his first taste of battle The Turks were entrenched some 50 100 yards from the edge of the face of the gully and their machine guns swept the edges Line after line of our men went up some lines didn't take two paces over the crest when down they went to a man and on came another line Gunner Recep Trudal of the Turkish 27th Regiment wrote of the fierce Turkish counter attack on 19 May designed to push the Anzac's back into the sea It started at morning prayer call time and then it went on and on never stopped You know there was no break for eating or anything Attack was our command That was what the Pasha said Once he says Attack you attack and you either die or you survive

The Emperor and the Peasant Kenneth Janda, 2018-01-12 There was more to World War I than the Western Front This history

juxtaposes the experiences of a monarch and a peasant on the Eastern Front Franz Josef I emperor of Austria Hungary was the first European leader to declare war in 1914 and was the first to commence firing Samuel Mozolák was a Slovak laborer who sailed to New York and fathered twins taken as babies and U S citizens to his home village before being drafted into the Austro Hungarian army and killed in combat The author interprets the views of the war of Franz Josef and his contemporaries Kaiser Wilhelm II and Tsar Nicholas II Mozolák's story depicts the life of a peasant in an army staffed by aristocrats and also illustrates the pattern of East European immigration to America *Misfire* Paul

Miller-Melamed, 2022-05-27 By narrating the Sarajevo assassination in a broad historical context *Misfire* contends that the most consequential political murder in modern history would have remained inconsequential if not for the decisions made by the leaders of Europe's Great Powers To Overthrow the World Sean McMeekin, 2024-09-10 From an award winning historian a new global history of Communism When the USSR collapsed in 1991 the world was certain that Communism was dead Today three decades later it is clear that it was not While Russia may no longer be Communist Communism and sympathy for Communist ideas have proliferated across the globe In *To Overthrow the World* Sean McMeekin investigates the evolution of Communism from a seductive ideal of a classless society into the ruling doctrine of tyrannical regimes Tracing Communism's ascent from theory to practice McMeekin ranges from Karl Marx's writings to the rise and fall of the USSR under Stalin to Mao's rise to power in China to the acceleration of Communist or Communist inspired policies around the world in the twenty first century McMeekin argues however that despite the endurance of Communism it remains deeply unpopular as a political form Where it has arisen it has always arisen by force Blending historical narrative with cutting edge scholarship *To Overthrow the World* revolutionizes our understanding of the evolution of Communism an idea that seemingly cannot die **Mastering Modern British History** Norman Lowe, 2017-09-16 The new edition of this best selling text

includes a new section on the final years of the Labour government after Blair's resignation and a new chapter on the subsequent Coalition and Conservative governments It is the ideal companion for students taking a first level course in modern British History as well as for undergraduates in history
