independence Libreville struggled with problems of food scarcity resulting from the legacy of Atlantic slavery the violence of colonial conquest and the rise of the timber export industry Marriage disputes racial tensions and worker unrest often centered on food and townspeople employed varied tactics to combat its scarcity Ultimately imports emerged as the solution and have had a lasting impact on Gabon s culinary culture and economy Fascinating and informative A Workman Is Worthy of His Meat engages a new avenue of historical inquiry in examining the culture of food as part of the colonial experience and resonates with the questions of globalization dominating culinary economics today Precast Concrete Maurice Levitt,2014-04-21 This general treatise on precast concrete reflects Maurice Levitt s extensive experience in the construction industry and as a researcher and consultant It gives detailed coverage of the subject from the material s properties through its manufacture and quality control and on to specialist topics such as accelerated curing and use in hot and cold **The Municipal Journal, Public Works Engineer and Contractors' Guide** ,1958
