Patton, 2022-10-06 Why do twins remain uncanny to those born alone in other words most of us Even with the rise of IVF and an increase in multiple births why do we still do a double take when we encounter twins Why has this been a near universal response throughout human history and how has it played out in religion and myth Through the work of leading scholars in religion folklore and mythology history anthropology and archaeology Gemini and the Sacred explores how twinship has long been imagined especially in the complex relationship of sacred twin traditions to twins on the ground in biology and lived

experience The book considers the multiple ways in which the doubling of a human being may be interpreted as auspicious and powerful or suppressed as unstable and dangerous Why has this been so and how does it affect living twins today Treating both famous and lesser known twins including supernatural animal twins in the ancient Near Eastern and classical Mediterranean worlds early Christianity and Gnosticism Vedic Hindu West African Black Atlantic and native American traditions ancient Mesoamerica Celtic Roman Britain and Scandinavia and in the special fraught bond shared by all twins the book offers a variety of perspectives on this topic of great cultural significance Hindu Bioethics for the Twenty-first Century S. Cromwell Crawford,2012-02-01 S Cromwell Crawford breaks new ground in this provocative study of Hindu bioethics in a Western setting He provides a new moral and philosophical perspective on fascinating and controversial bioethical issues that are routinely in the news cloning genetic engineering the human genome project reproductive technologies the end of life and many more This Hindu perspective is particularly noteworthy because of India s own indigenous medical system which is stronger than ever and drawing continued interest from the West The Hindu bioethics presented in this book are philosophically pluralistic and ethically contextual giving them that conceptual flexibility which is often missing in Western religions but which is demanded by the twenty first century s complex moral problems Comprehensive in scope and passionate in nature Crawford s study is an important resource for analyses of practical ethics bioethics and health care *Hiraeth* RVMizuka,2023-01-31 Park Youngra dan segala ke tidak beruntungannya Terlahir kembar dengan Park Yuna tidak membuat dirinya baik baik saja Kalaupun dapat memilih dia lebih baik tidak dilahirkan didunia ini Semua yang di inginkannya selalu menjadi milik Yuna Sekalipun itu Kim Taehyung Pria yang dicintainya lebih memilih Yuna dari pada dirinya **Essays in Honor of Charles F. change by inducing a turn from the mind to the heart and contextual change by radically reconstructing the roles of morality money and mortality in our everyday lives The book offers a menu of insights and options we all can use to tilt the scales in the war waging inside each of us **Indian Ethics** Purushottama Bilimoria, Joseph Prabhu, Renuka Sharma, 2017-03-02
