Lectures T Autour Du Politique:

Political Education in the Anthropocene Nathanaël Wallenhorst, Renaud Hétier, Jean-Philippe Pierron, Christoph Wulf, 2023-10-19 This book articulates an educational theory as well as a political theory of the Anthropocene Divided into three sections it addresses educational anthropology cultures and institutions and educational recommendations in the Anthropocene Topics covered in the volume measure the impact of the idea of the Anthropocene on the type of anthropology that underlies education and on a phenomenology of relationship It links the notion of the Anthropocene with cultures and institutions so as not to smooth out or erase the latter Finally it presents proposals and recommendations for educational practices The work advocates rethinking education as an essential component in ensuring the sustainability of human life in society by proposing to go beyond the approach of education for sustainable development or environmental education The work also brings together empirical contributions in which proposals are elaborated for programs pedagogical devices and experiments relating to the preparation of the future in the field of education This volume is of interest to researchers of the Anthropocene

Language as Symbolic Power Claire Kramsch, 2020-10-29 Language is not simply a tool for communication symbolic power struggles underlie any speech act discourse move or verbal interaction be it in face to face conversations online tweets or political debates This book provides a clear and accessible introduction to the topic of language and power from an applied linguistics perspective It is clearly split into three sections the power of symbolic representation the power of symbolic action and the power to create symbolic reality It draws upon a wide range of existing work by philosophers sociolinguists sociologists and applied linguists and includes current real world examples to provide a fresh insight into a topic that is of particular significance and interest in the current political climate and in our increasingly digital age The book shows the workings of language as symbolic power in educational social cultural and political settings and discusses ways to respond to and even resist symbolic violence

Foucault 2.0 Eric Paras, 2020-01-14 A dramatically new interpretation of the development of the thought of Michel Foucault one of the 20th century's most influential thinkers In this lucid and groundbreaking work Eric Paras reveals that our understanding of the philosophy of Michel Foucault must be radically revised Foucault's critical axes of power and knowledge which purposefully eradicated the concept of free will reappear as targets in his later work Paras demonstrates the logic that led Foucault to move from a microphysics of power to an aesthetics of individual experience He is the first to show a transformation that not only placed Foucault in opposition to the archaeological and genealogical positions for which he is renowned but aligned him with some of his fiercest antagonists Foucault 2.0 draws on the full range of the philosopher's writing and of the work of contemporaries who influenced and sometimes vehemently opposed his ideas To fill the gaps in Foucault's published writings that have so far limited our conception of the arc of his thought Paras analyzes the largely untapped trove of lectures Foucault delivered to teeming Paris audiences as Professor of the College de France for more than a decade At the same time Foucault 2.0 highlights the

background against which Foucault carried out his most foundational work the unrest of 1968 the prison reform movement of the early 1970s and the Iranian Revolution of 1979 Carefully assembling the fragments of a thinker who remains but half understood Eric Paras has composed a seminal book essential reading for novices and initiates alike **Paul Ricoeur and the Task of Political Philosophy** Greg S. Johnson, Dan R. Stiver, 2012-10-26 This book discusses the political philosophy of Paul Ricoeur More precisely it offers a sustained engagement with Ricoeur's political thought in a way that demonstrates both the significance of the political in his own thinking throughout his career and how Ricoeur's understanding of the political offers something valuable to current discussions in political philosophy A second goal is to begin to fill a gap in Ricoeur studies and situate his work on political ethics more fully in contemporary discussions about political thought In this way Ricoeur can be seen as a figure pertinent to recent trends in political philosophy that make political thinking more realistic to the conditions for political life The various essays in the book move along intersecting but different trajectories First as some of these essays attest the concept of the political is a pervasive theme that runs throughout Ricoeur's corpus In this way a theme throughout the book examines this notion of the political as well as how it relates to his more well known work in other areas Second and related the historical understanding of perennial issues in political philosophy are most often updated by those standing in the lineage of those who have come before As such Ricoeur's hermeneutical orientation has moved him to engage contemporaries who attempt to think forward in various ways this tradition for current situations Unlike most who engage in political thought Ricoeur goes where others dare not namely to those who appear to be opponents but as he shows offer perspectives worth more consideration in the name of the best of political thinking In this light Ricoeur's hermeneutical orientation is again a unique framework for understanding the nature of political engagement an orientation in what follows that highlights the ways that Ricoeur and a Ricoeurian perspective cross philosophical orientations to develop a unique understanding of political thought that is different *Lectures, t. 1. l'intolérance et de l'intolérable. De même, il s'est obligé à penser l'élément ce dont témoignent des pages sur la Chine. Israël mais aussi des propositions pour l'Université. Ce premier recueil permet ainsi de prendre la mesure d'une philosophie profondément politique d'une pensée soucieuse de la Cité.

The Fall of Humankind and Social Progress Arttu Mäkipää, 2023-07-21

This book investigates the link between human capabilities and the preconditions for social progress through an engagement with the theological anthropology of Swiss theologian Emil Brunner 1889-1966. It places Brunner's thought in dialogue with selected contributors from the contemporary social sciences examining approaches from economics, sociology and philosophy as put forward by Gary S. Becker, Christian Smith and Martha Nussbaum. This dialogic format helps to crystallise both agreements and differences and thus facilitate greater understanding between theology and other disciplines. Questions explored in the discussion relate to the emergence of human nature, the person and the capabilities human beings possess as well as how these develop in a social context. The author focuses in particular on the impact of sin, the Fall and considers the mixed blessings of economic progress. By providing pointers on how to bring back the human person in social disciplines, the book hopes to contribute to improved understanding of the ethical dimension of social progress and human flourishing. It will be of particular interest to scholars of analytic and systematic theology but also scholars from economics and social sciences with openness to theological engagement.

L'urgence, l'horreur, la démocratie Maïté Bouyssy, 2012

Ce livre tente d'identifier par les mots et les images du temps lithographie ou grands genres un moment politique français 1824-1834. L'instar du drame français lorsque boulevard du Crime, notre boulevard du Temple, chacun allait pleurer et plus encore se livrer aux délices de l'angoisse vécue en commun de sept heures dix heures du soir. Maïté Bouyssy interroge aussi bien l'usage des larmes et de la compassion que la mise en scène de l'horreur. Autour de figures charnières tel Louis XII le roi malchanceux qui a accompagné la mode troubadour avant et après la Révolution et de l'expression de flots de sang qui circule dans les lettres et les arts, des images furent recueillies comme politiques. Des Réjouissances publiques de Boilly 1826 pour la gravure de Villain La Grèce sur les ruines de Missolonghi de Delacroix 1826 en passant par la célèbre lithographie Rue Transnonain le 15 avril de Daumier 1834. L'incessante circulation des mots, l'image montre un dispositif rhétorique qui mène au son. Car le cri donne le lieu social des motions présentes et redéfinit les raisons du succès de ces auteurs qui gèrent la dénonciation telle des fables mises en image. Il ne s'agit ici ni d'éluder les périls de la surinterprétation ni de donner un métiastème de clés mais de rendre compte des vraies raisons du succès de la réception de ces œuvres. Sous diverses formes, cet ouvrage traite donc du citoyen et du genre des foules et de Bailleurs du juste et de l'injuste ou de l'ordinaire, ordre policier. Quand se trame un ordre pré-démocratique s'accroît l'inquiétude de la montée du cadavre qu'ont noté d'autres historiens. Cette inquiétude semble avoir partie liée avec le processus d'acceptation de l'galit symbolique réalisés dans le suffrage universel de 1848.

The Enigma of Good and Evil: The Moral Sentiment in Literature Anna-Teresa Tymieniecka, 2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal social national life by wars feuds inequities and intimate personal conflicts for which there seems to be no respite Does the human condition in interaction with others imply a constant adversity Or is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person To what criteria should I refer for appreciation judgment direction concerning my attitudes and my actions as they bear on the well being of others At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts Literature which in its very gist dwells upon disentangling in multiple perspective the peripeteia of our life experience offers us a unique field of source material for moral and ethical investigations Literature brings preeminently to light the Moral Sentiment which pervades our life with others our existence tout court Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life Tymieniecka

L'Echo du cabinet de lecture paroissial de Montréal, 1871 Sustainable Finance and Financial Crime Michel Dion, 2023-06-27 Sustainable finance is a holistic approach to the sustainability development goals SDG so that the interdependence between environmental social and governance issues is unveiled Sustainable finance takes into account the various challenges following from social change and sustainability the evolution of capital markets and the development of efficient risk management practices Governance issues are an integral part of sustainable finance However academic literature has generally neglected to consider strategies to prevent and fight financial crimes as a crucial component of sustainable finance The aim of this book is to focus on the interconnectedness between sustainable finance and preventing fighting financial crime not only as a crucial governance issue but also as a deep challenge for social and even environmental issues There is no really sustainable finance without developing strong and efficient means to fight financial crimes

Dictionnaire de la conversation et de la lecture, 1837, *Autour de Ferron N.E.* Betty Bednarski, 2013-02-20T00:00:00-05:00

Cette suite de textes interdits pendant la consécration de l'acte de traduction et l'œuvre de Jacques Ferron se situe quelque part entre la théorie et la création. Puisant dans son expérience de traductrice, de critique et d'enseignante, l'auteure se livre ici à une exploration des points de rencontre entre la traduction et les autres formes de lecture qu'elle a pratiquées. Elle poursuit en même temps une réflexion en spirale qui se veut à la fois rigoureuse et personnelle, partant d'un problème de traduction infiniment petit et recouvrant la lumière de Bakhtine, la douloureuse problématique de l'altérité chez Ferron. Publié d'abord en 1989 aux Éditions du GREF Toronto, la première édition a gagné le prix Gabrielle Roy 1990, le Prix de l'Association des professeurs de français des universités et collèges canadiens 1991 et a été finaliste pour le prix du Gouverneur général 1991. Cette nouvelle édition entièrement revue et mise à jour est augmentée de quatre essais publiés sous la rubrique *Lecture inachevée* : quatre fragments qui en largissent la portée et approfondissent la réflexion.

Au Sénégal, l'enthousiasme suscité par la leçon d'Abdoulaye Wade en mars 2000 est retombé. Le présent dossier tente de prendre la mesure des évolutions survenues depuis cinq ans et il en montre le caractère contradictoire. Les pulsions autoritaires auxquelles le régime est tenté de recourir semblent vouées à l'échec. Le clientélisme reste pour un régime qui bénéficie de marges politiques et budgétaires nouvelles le mode de construction politique privilégié.
