Drafting Elmer Doonan, 2001-02-26 The appearance of this series of texts on legal skills reflects the shift in emphasis in legal education away from a focus on teaching legal information and towards the teaching and learning of task related and problem solving skills Legal education in the UK has undergone significant changes over the past 15 years as a result of growing concern expressed for the most part by the profession over its adequacy to prepare students for the practice of law At the same time many legal educators have voiced fears that concentrating on drilling students in substantive law promotes neither the agility of mind nor the ability to solve problems

Administrative Law Steven J. Cann, 2005-08-11 In this new edition author Steven J Cann once again enlivens the topic of United States administrative law through the use of recent and classic legal cases to make it accessible and interesting to students Administrative Law Fourth Edition is an engaging casebook that presents a unique problem solving framework that contrasts democracy with the administrative state This novel approach places the often complex subject matter of U S administrative law into a more comprehensible context The Fourth Edition has been completely updated and revised and includes many new cases to reflect changes in the law since the year 2000
