Baguley, 2025-09-30 This book is grounded in the belief that every nation had its own Great War and that children's picture books are an important barometer of each country's national approach To explore the depiction of the Great War in modern Australian British and French children's picture books where this historical event is reimagined in different ways as a futile conflict as a painful victory and as part of one country's founding mythology this book uses the concept of the hero's journey as an underlying framework It claims that this monomythic pattern as developed by Joseph Campbell and modified by Christopher Vogler not only informs all picture books selected for this project but can also be used to highlight the extent to which modern children's picture book authors and illustrators conform to their respective nation's cultural memory It further maintains that the specific historical context of the Great War in these children's picture books can be used to identify a variant of the hero's journey the ordinary soldier's journey This analysis of children's picture books about the Great War through the lens of Campbell's hero's journey will be of interest to both students and researchers in the fields of children's literature literary theory history cultural studies and education *Teaching English Creatively* Teresa Cremin, 2009-06-26 What does it mean to teach English creatively to primary school children How can you successfully develop pupils engagement with reading and writing skills Teaching English Creatively demonstrates the potential of creative teaching to develop children's knowledge skills understanding and attitudes Underpinned by theory and research it also offers informed and practical support to both students in initial teacher education and practising teachers who want to develop their teaching Illustrated by examples of children's work this book explores the core elements of creative practice in relation to developing engaged readers writers speakers and listeners Creative ways to explore powerful literary non fiction visual and digital texts are offered throughout Key themes addressed include meaning and purpose play and engagement curiosity and autonomy collaboration and making connections reflection and celebration the creative involvement of the teacher Stimulating and accessible with contemporary and cutting edge practice at the forefront Teaching English Creatively includes a wealth of innovative ideas to enrich literacy practice Written
