Memories Of Absence How Muslims Remember Jews In Morocco:

Memories of Absence Aomar Boum, 2013-10-16 There is a Moroccan saying A market without Jews is like bread without salt Once a thriving community by the late 1980s 240 000 Jews had emigrated from Morocco Today fewer than 4 000 Jews remain Despite a centuries long presence the Jewish narrative in Moroccan history has largely been suppressed through national historical amnesia Jewish absence and a growing dismay over the Palestinian conflict *Memories of Absence* investigates how four successive generations remember the lost Jewish community Moroccan attitudes toward the Jewish population have changed over the decades and a new debate has emerged at the center of the Moroccan nation Where does the Jew fit in the context of an Arab and Islamic monarchy Can Jews simultaneously be Moroccans and Zionists Drawing on oral testimony and stories on rumor and humor Aomar Boum examines the strong shift in opinion and attitude over the generations and increasingly anti Semitic beliefs in younger people whose only exposure to Jews has been through international media and national memory

Remembering Jews in Maghrebi and Middle Eastern Media Brahim El Guabli, Mostafa Hussein, 2024-08-19 This volume examines the cultural legacy of Jewish emigration from the Maghreb and the Middle East in the years following 1948 Drawing on the remarkable cinematic and literary output of the last twenty years this collection posits loss as a new conceptual framework in which to understand Jewish Muslim relations Previous studies of Jewish emigration have followed the mass departure of Jews but the contributors to this book choose to remain behind and trace the contours of Jewish absence in Maghrebi and Middle Eastern societies Attuned to loss in this way the cultural memories of Jewish Muslim life transcend the narratives of turmoil taboo and nostalgia that have dominated Muslim and prevalent scholarly perspectives on Jewish emigration Read as a whole the collection affords an uncommon opportunity to mourn and heal through a nuanced

 in Europe James Renton, Ben Gidley, 2017-04-05 This is the first book to examine the relationship between European
 antisemitism and Islamophobia from the Crusades until the twenty first century in the principal flashpoints of the two
 racisms With case studies ranging from the Balkans to the UK the contributors take the debate away from politicised
 polemics about whether or not Muslims are the new Jews Much previous scholarship and public discussion has focused on
 comparing European ideas about Jews and Judaism in the past with contemporary attitudes towards Muslims and Islam This
 volume rejects this approach Instead it interrogates how the dynamic relationship between antisemitism and Islamophobia
 has evolved over time and space The result is the uncovering of a previously unknown story in which European ideas about
 Jews and Muslims were indeed connected but were also ripped apart Religion empire nation building and war all played their
 part in the complex evolution of this relationship As well as a study of prejudice this book also opens up a new area of inquiry
 how Muslims Jews and others have responded to these historically connected racisms The volume brings together leading
 scholars in the emerging field of antisemitism Islamophobia studies who work in a diverse range of disciplines anthropology
 history sociology critical theory and literature Together they help us to understand a Europe in which Jews and Arabs were
 once called Semites and today are widely thought to be on two different sides of the War on Terror *The Holocaust and
 North Africa* Aomar Boum, Sarah Abrevaya Stein, 2018-11-06 The Holocaust is usually understood as a European story Yet this
 pivotal episode unfolded across North Africa and reverberated through politics literature memoir and memory Muslim as well
 as Jewish in the post war years The Holocaust and North Africa offers the first English language study of the unfolding events
 in North Africa pushing at the boundaries of Holocaust Studies and North African Studies and suggesting powerfully that
 neither is complete without the other The essays in this volume reconstruct the implementation of race laws and forced labor
 across the Maghreb during World War II and consider the Holocaust as a North African local affair which took diverse form
 from town to town and city to city They explore how the Holocaust ruptured Muslim Jewish relations setting the stage for an
 entirely new post war reality Commentaries by leading scholars of Holocaust history complete the picture reflecting on why
 the history of the Holocaust and North Africa has been so widely ignored and what we have to gain by understanding it in all
 its nuances Published in association with the United States Holocaust Memorial Museum **The Merchants of Oran**
 Joshua Schreier, 2017-05-16 The Merchants of Oran weaves together the history of a Mediterranean port city with the lives of
 Oran s Jewish mercantile elite during the transition to French colonial rule Through the life of Jacob Lasry and other
 influential Jewish merchants Joshua Schreier tells the story of how this diverse and fiercely divided group both responded to
 and in turn influenced French colonialism in Algeria Jacob Lasry and his cohort established themselves in Oran in the

decades after the Regency of Algiers dislodged the Spanish in 1792 during a period of relative tolerance and economic prosperity In newly Muslim Oran Jewish merchants found opportunities to ply their trades dealing in both imports and exports On the eve of France's long and brutal invasion of Algeria Oran owed much of its commercial vitality to the success of these Jewish merchants Under French occupation the merchants of Oran maintained their commercial political and social clout Yet by the 1840s French policies began collapsing Oran's diverse Jewish inhabitants into a single social category legally separating Jews from their Muslim neighbors and creating a racial hierarchy Schreier argues that France's exclusionary policy of emancipation far more than older antipathies planted the seeds of twentieth century ruptures between Muslims and Jews

The Political Diary of Alfred Rosenberg and the Onset of the Holocaust Jürgen Matthäus, Frank Bajohr, 2015-09-28 Published in association with the United States Holocaust Memorial Museum In December 2013 after years of exhaustive search the U S Holocaust Memorial Museum received more than four hundred pages of diary notes written by one of the most prominent Nazis the Party's chief ideologue and Reich minister for the occupied Soviet territories Alfred Rosenberg By combining Rosenberg's diary notes with additional key documents and in depth analysis this book shows Rosenberg's crucial role in the Nazi regime's anti Jewish policy In the second half of 1941 the territory administered by Rosenberg became the region where the mass murder of Jewish men women and children first became a systematic pattern Indeed months before the emergence of German death camps in Poland Nazi leaders perceived the occupied Soviet Union as the area where the final solution of the Jewish question could be executed on a European scale Covering almost the entire duration of the Third Reich these previously inaccessible sources throw new light on the thoughts and actions of the leading men around Hitler during critical junctures that led to war genocide and Nazi Germany's final defeat Nationalism and Jewish Identity in Morocco Kristin Hissong, 2020-10-01 Moroccan Jews can trace their heritage in Morocco back 2000 years In French Protectorate Morocco 1912-56 there was a community of over 200 000 Jews but today only a small minority remains This book writes Morocco's rich Jewish heritage back into the protectorate period The book explains why in the years leading to independence the country came to construct a national identity that centered on the Arab Islamic notions of its past and present at the expense of its Jewish history and community The book provides analysis of the competing nationalist narratives that played such a large part in the making of Morocco's identity at this time French cultural linguistic assimilation Political Zionism and Moroccan nationalism It then explains why the small Jewish community now living in Morocco has become a source of national pride At the heart of the book are the interviews with Moroccan Jews who lived during the French Protectorate remain in Morocco and who can reflect personally on everyday Jewish life during this era Combining the analysis of the interviews archived periodicals colonial documents and the existing literature on Jews in Morocco Kristin Hissong's book illuminates the reality of this multi ethnic nation state and the vital role memory plays in its identity

Saharan Jews and the Fate of French Algeria Sarah Abrevaya Stein, 2014-05-06 The history of Algerian Jews has thus far been viewed from the perspective of communities on the northern coast who became to some extent beneficiaries of colonialism But to the south in the Sahara Jews faced a harsher colonial treatment In *Saharan Jews and the Fate of French Algeria* Sarah Abrevaya Stein asks why the Jews of Algeria's south were marginalized by French authorities how they negotiated the sometimes brutal results and what the reverberations have been in the postcolonial era Drawing on materials from thirty archives across six countries Stein tells the story of colonial imposition on a desert community that had lived and traveled in the Sahara for centuries She paints an intriguing historical picture of an ancient community trans Saharan commerce desert labor camps during World War II anthropologist spies battles over oil and the struggle for Algerian sovereignty Writing colonialism and decolonization into Jewish history and Jews into the French Saharan one *Saharan Jews and the Fate of French Algeria* is a fascinating exploration not of Jewish exceptionalism but of colonial power and its religious and cultural differentiations which have indelibly shaped the modern world

Honorable Mention 2022 L Carl Brown AIMS Book Prize in North African Studies What does it mean to connect as a people through mass media This book approaches that question by exploring how Moroccans engage communicative failure as they seek to shape social and political relations in urban Fez Over the last decade laments of language and media failure in Fez have focused not just on social relations that used to be and have been lost but also on what ought to be and had yet to be realized Such laments have transpired in a range of communication channels from objects such as devotional prayer beads and remote controls to interactional forms such as storytelling dress styles and orthography to media platforms like television news religious stations or WhatsApp group chats Channeling Moroccanness examines these laments as ways of speaking that created Moroccanness the feeling of participating in the ongoing formations of Moroccan relationality Rather than furthering the discourse about Morocco's conflict between liberal secularists and religious conservatives this ethnography shows the subtle range of ideologies and practices evoked in Fassi homes to calibrate Moroccan sociality and political consciousness
