Men And Wives:

Other Men's Wives Freddie Lee Johnson III, 2009-06-24 Denmark Wheeler had it all a gorgeous wife Sierra whom he passionately loved and a respectable job that allowed him to keep her living in the style to which she was accustomed The good life wasn't handed to him on a silver platter though Growing up in the Cleveland ghetto his father was shot by a drug addict he worked the streets to help his sister through college and he made his fair share of enemies along the way Yet not even his tough upbringing prepared him for the mysterious DVD that showed up on his doorstep its contents revealing an explicit sexual encounter between his wife and another man whose face was purposely blurred Sierra's betrayal is heart wrenching and Denmark's on the warpath to find out the identity of the man behind it One thing's sure It's someone close to him Suddenly everyone is suspect especially his two best buddies and he'll stop at nothing to exact his revenge even if it means sleeping with their wives to get it But when Denmark takes justice into his own hands he discovers a truth even more shocking than his wife's infidelity In this gritty revenge tale Freddie Lee Johnson III takes us into the mind of a man consumed with grief and rage Full of jump off the page characters and fast paced drama *Other Men's Wives* is an explosive ride fueled by love lust and deceit

Cookery for Working-Men's Wives Francis Henry Underwood, 2008-07 Based on lessons taught at her cooking school by Mrs John Elder widow of a well known ship builder to women of working men in Govan Scotland a large ship building town adjoining Glasgow the recipes in this 1890 volume are designed to allow women to provide their husbands with filling nutritious meals at the smallest possible cost The work was published under the auspices of United States Consul to Glasgow F H Underwood after he observed a cooking demonstration by Miss Martha H Gordon which made use of Mrs Elder's recipes and methods wherein he observed a good palatable and nutritious meal for six persons prepared at a cost of 1s 24 cents

Chaste Wives and Prostitute Sisters Anuja Agrawal, 2020-11-29 This book is an anthropological study of the unusual coincidence of prostitution and patriarchy among an extremely marginalized group in north India the Bedias who are also a denotified community It is the first detailed account of the implications of a systematic practice of familial prostitution on the kinship structures and marriage practices of a community This starkly manifests among the Bedias in the clear separation between sisters and daughters who engage in prostitution and wives and daughters in law who do not The Bedias exemplify a situation in which prostitution of young unmarried women is the mainstay of the familial economy of an entire social group Tracing the recent origins of the practice in the community the author goes on to explore the manner in which this familial economy manifests itself in the lives of individual women and the kind of family groupings it produces She then examines the repercussion this economy has on the lives of Bedia men how the problem of

their marriage is resolved and how the Bedia wives become repositories of female purity which otherwise stands jeopardized by Bedia sisters engaged in prostitution *Women, Wives, Mothers* Jessie Bernard, 2017-07-12 One of the most important series of events in modern times the restructuring of sex roles to adapt them to modern life is here chronicled from the perspective of a lifetime of studying and writing about women In this lively lucid book Jessie Bernard examines with concern and expertise the dramatic changes in values experienced by women of all ages in all classes of society and how these changes affect the options available to women today as women as wives as mothers Bernard begins her five part examination with a critical overview of research on sex differences pointing out the sexism that is implicit in most of this research and suggesting what kinds of research should be done She discusses the paradox involved in preparing girls for the most demanding of all roles motherhood by fostering weakness in them rather than strength She writes of the ages and stages of motherhood and the momentous changes now in process in the roles of wife and mother as more women combine labor force participation with marriage and motherhood Bernard contrasts the positions of the nineteenth and twentieth century feminist movements with respect to class and reports on the influence of the feminist movement on working class and African American women The last part of the book tells of the bitter fruits of extreme sex role specialization both for women and for society and examines policy relevant research on motherhood Bernard explores the many new potentialities open to women and finally the societal forms that will be necessary in order for women to plan their lives with wider latitude Both the general reader and students of women s studies will be delighted and informed by Jessie Bernard s enlightening report on where women have been and where they are going in American society **Forgotten Men and Fallen Women** Holly Allen, 2015-04-03 During the Great Depression and into the war years the Roosevelt administration sought to transform the political institutional and social contours of the United States One result of the New Deal was the emergence and deployment of a novel set of narratives reflected in social scientific case studies government documents and popular media meant to reorient relationships among gender race sexuality and national political power In *Forgotten Men and Fallen Women* Holly Allen focuses on the interplay of popular and official narratives of forgotten manhood fallen womanhood and other social and moral archetypes In doing so she explores how federal officials used stories of collective civic identity to enlist popular support for the expansive New Deal state and later for the war effort These stories she argues had practical consequences for federal relief politics The forgotten man identified by Roosevelt in a fireside chat in 1932 for instance was a compelling figure of collective civic identity and the counterpart to the white male breadwinner who was the prime beneficiary of New Deal relief programs He was also associated with women who were blamed either for not supporting their husbands and family at all owing to laziness shrewishness or infidelity or for supporting them too well by taking their husbands jobs rather than staying at home and allowing the men to work During World War II Allen finds federal policies and programs continued to be shaped by specific gendered stories most centrally the story of the heroic white civilian defender which animated the Office

of Civilian Defense and the story of the sacrificial Nisei Japanese American soldier which was used by the War Relocation Authority The Roosevelt administration's engagement with such widely circulating narratives Allen concludes highlights the affective dimensions of U S citizenship and state formation **Straight Talk to Men and Their Wives** James C.

Men, Women and Relationships - A Post-Jungian Approach Phil Goss,2010-09-13 This book offers Jungian perspectives on social constructions of gender difference and explores how these feed into adult ways of relating within male female relationships Phil Goss places this discussion within an archetypal context drawing on the fairy tale Jack and the Beanstalk to consider the deep tension in western culture between the transcendent masculine and the immanent feminine Offering both developmental and socio cultural frameworks areas of discussion include the use of story and myth to understand gender Jungian and post Jungian approaches updating anima animus working clinically with men and with women the developmental pathways of gender difference power relations between men and women in the home Men Women and Relationships A Post Jungian Approach will be a valuable resource for all those with an interest in analytical psychology including psychotherapists psychoanalysts and counsellors as well as those in the broader fields of social work and education who have an interest in gender difference and identity *"Women Forget that Men are the Masters"* Margrethe Silberschmidt,1999 A

study about conflicts between men and women in contemporary Kisii Kenya The author argues that male identity sense of worth and prestige have been more deeply affected by socio economic change than that of female identity The study emphasizes the need to examine in depth changing African social contexts within collapsing traditional structures **Land of Women** Lisa M. Bitel,1998 This book disperses the shadows in an obscure but important landscape Lisa Bitel addresses both the history of women in early Ireland and the history of myth legend and superstition which surrounded them It is a powerful and exact book and an invaluable addition to our expanding sense of Ireland through the eyes of Irish women Eavan Boland author of *In a Time of Violence* Poems It is refreshing to read in a book by a woman on medieval women that not all clerics hated women and that not all men were oversexed villains consciously bent on exploiting women Bitel challenges not only the medieval Irish male construct of female behavior but she is also courageous enough to question constructs of medieval women invented by modern Irish medieval historians Times Higher Education Supplement Agriculture, Women, And Land Jean Davison,2019-04-11 This book examines gender relations to land relations that are crucial to formulating policies through which African women's food producing capabilities can be advanced It addresses the need to document historical changes in land tenure practices that have influenced women's household production *The Role of Women in the*

America's Working Man David Halle, 2014-12-10 An unusually deep and wide ranging study by a sociologist who spent years listening to and living among workers at a New Jersey chemical plant *Journal of American Studies* Over a period of six years during the late 1970s at factory and warehouse at the tavern across the road in their homes and union meetings on fishing trips and social outings David Halle talked and listened to workers of an automated chemical plant in New Jersey's industrial heartland white male and mostly Catholic He has emerged with an unusually comprehensive and convincingly realistic picture of blue collar life in America during this era Throughout the book Halle illustrates his analysis with excerpts of workers' views on everything from strikes class consciousness politics job security and toxic chemicals to marriage betting on horses God home ownership drinking adultery the Super Bowl and life after death Halle challenges the stereotypes of the blue collar mentality and provides a detailed in depth portrait of one community of workers at a time when it was relatively affluent and secure Absorbing reading *Business Week* [An Introduction to the Old Testament](#) Alice L. Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high

school students and general readers alike **Women's Work, Men's Property** Stephanie Coontz, Peta Henderson, 2016-03-01 To some a book on the origins of sexual inequality is absurd. Male dominance seems to them a universal if not inevitable phenomenon that has been with us since the dawn of our species. The essays in this volume offer differing perspectives on the development of sex role differentiation and sexual inequality but share a belief that these phenomena did have social origins, origins that must be sought in sociohistorical events and processes. In this way Stephanie Coontz and Peta Henderson introduce a book which fills a yawning gap in Marxist and feminist theory of recent years. *Women's Work, Men's Property* brings together specialist historical and anthropological skills of a group of American and French feminists to examine the origins of the sexual division of labor, the nature of pre-state kinship societies, the position of women in slave-based societies and the specific forms taken by the oppression of women in archaic Greece. *Men's Work, Women's Property* will be welcomed by teachers and students of women's studies and anyone with an interest in the biological, psychological and historical roots of sexual inequality.
