Forthcoming Books Rose Army,2003-04 **Boerejood: One Man's Quest to Understand the Miracle of Democracy in South Africa** Julian Roup,2024-10-16 Brilliant engaged intelligent personal and funny Financial Times Ten years after democracy arrived in South Africa here is a book that gives a voice to the Afrikaner speaking in English about the Miracle of the peaceful transition to majority rule their worst nightmare This is a book that goes beyond politics with the very human story of one man giving insight into the hearts and minds of a people struggling to find their identity as white Africans trying to secure their place in Africa They are seen through the eyes of a Boerejood a half Afrikaans half Jewish writer who struggles himself with issues of identity reflecting the struggle around him In the final analysis Boerejood is about the universal human struggle between good and evil black and white justice and injustice love and hate all

that defines us as being human It takes the reader on an astonishing and remarkable journey of discovery the destination being the soul of the Afrikaner and an answer to why these people accepted black majority rule with relatively no struggle after years of racist persecution of their black and brown neighbours Reading Boerejood is like being a voyeur at a hugely animated dinner party where you sit and listen to highly charged debate with intelligent people locking horns They make fascinating points and then incredibly inane and na ve remarks Then they dazzle with astute observations You are hooked and hang on to every word Cape Times *Books in Print Supplement* ,2002 **Canaan** Graça Aranha,1920 This novel explores the conflicts of Brazilian immigrants **The London Gazette** ,1916 **The Works of Sir Thomas Browne: Urn-burial, Christian morals, Miscellanies, Correspondence, etc** Sir Thomas Browne,1852 *Explorers* DK,2010-09-20 From the first people to leave Africa to the first to leave the planet the urge to explore the unknown has driven human progress Explorers tells the story of humanity s explorations taking the reader into the lives of some of the most intrepid people ever known Throughout history exploration has arisen from a wide range of impulses from trade and the search for lands to colonize to scientific curiosity and missionary zeal This book tells the story of explorers of every type from those chasing glory to those seeking enlightenment In its pages readers will meet some of history s most famous trail blazers people whose courage opened frontiers turned voids into maps forged nations connected cultures and added to humankind s knowledge of the world by leaps and bounds Each life is captured in context by considering the knowledge of the world in which the explorers lived the factors that gave rise to their expeditions and the technology available to them at the time Their discoveries and the consequences are also considered in depth and highlighted with beautiful maps photographs and illustrations The tales of the explorers assistants and companions are woven into the overall story along with an examination of the qualities that made the them drop everything in pursuit of discovery **Strand Magazine** ,1909 *The Monthly Army List* Great Britain.
