Mercantile Law N4 Question Papers 2013:

Cultural Change from a Business Anthropology Perspective Elizabeth K. Briody, Maryann McCabe, 2017-11-09 This book offers keen insight and useful lessons underscoring the value of practice to theory Conceived by two anthropologists who lead consulting practices McCabe and Briody selected contributors to explore how cultural change happens in a variety of consumer and organizational contexts The 12 case studies illustrate the explanatory potential and the problem solving strengths of assemblage theory and the role of human agency in provoking cultural change The case studies are compelling due to connections between the case narratives and graphics and researcher engagement in the pragmatics of implementation both of which shape and encourage learning This volume will be markedly useful to practitioners engaged in research and implementation It will also appeal to students and faculty in a variety of fields including anthropology business management marketing sociology cultural studies and industrial design

Integrity, Risk and Accountability in Capital Markets Justin O'Brien, George Gilligan, 2013-09-27 The global economy is yet to recover from the aftershocks of the Global Financial Crisis GFC In particular many national economies are struggling to adjust to austerity programs that are a direct result of the toxic effects of the crisis Governments regulatory agencies international organisations media commentators finance industry organisations and professionals academics and affected citizens have offered partial explanations for what has occurred Some of these actors have sought to introduce legislative and other regulatory initiatives to improve operational standards in capital markets However the exposure post GFC of the scandal surrounding the manipulation over many years of the London Interbank Offered Rate LIBOR highlighted that the most important obstacles to counter the destructive potential of our global finance system are normative not technical Regulating the culture of the finance sector is one of the greatest challenges facing contemporary society This edited volume brings together leading professionals regulators and academics with knowledge of how cultural forces shape integrity risk and accountability in capital markets The book will be of benefit not only to industry regulatory and academic communities whose focus is upon financial markets and professionals It is of value to any person or organisation interested in how the cultural underpinnings of the finance sector shape how capital markets actually operate and are regulated It is a stark lesson of history that financial crises will occur As national economies become ever more inter connected and inter dependent under conditions of global financial capitalism it becomes ever more important to know how cultural and other normative forces might be adjusted to militate against the effects of future disasters
