Eric M. Ramírez-Weaver, 2017-02-24 In A Saving Science Eric Ram rez Weaver explores the significance of early medieval astronomy in the Frankish empire using as his lens an astronomical masterpiece the deluxe manuscript of the Handbook of 809 painted in roughly 830 for Bishop Drogo of Metz one of Charlemagne s sons Created in an age in which careful study of the heavens served a liturgical purpose to reckon Christian feast days and seasons accurately and thus reflect a heavenly

order the diagrams of celestial bodies in the Handbook of 809 are extraordinary signifiers of the intersection of Christian art and classical astronomy Ram rez Weaver shows how by studying this lavishly painted and carefully executed manuscript we gain a unique understanding of early medieval astronomy and its cultural significance In a time when the Frankish church sought to renew society through education the Handbook of 809 presented a model in which study aided the spiritual reform of the cleric s soul and by extension enabled the spiritual care of his community An exciting new interpretation of Frankish painting A Saving Science shows that constellations in books such as Drogo s were not simple copies for posterity s sake but functional tools in the service of the rejuvenation of a creative Carolingian culture

The Reality of the Kingdom Paul Rowntree Clifford,1996 This is a print on demand book and is therefore non returnable Jesus came proclaiming the advent of the kingdom of God New Testament scholars however are by no means agreed about Jesus meaning or intention or about whether we have any way of penetrating through the testimony of the early Christians to what Jesus actually said or meant This study by Paul Rowntree Clifford presses to a scholarly conclusion two key questions What did Jesus mean by his proclamation of the kingdom And in what sense has his promise been fulfilled Following an insightful evaluation of the Gospel evidence Clifford concludes that the kingdom of God as proclaimed by Jesus is a reality in the light of which we have come to terms with the modern world a world where natural catastrophes and humanly created disasters are common occurrences By focusing on matters of fact Clifford shows that we end up with a startlingly challenging proclamation of the kingdom of God that is profoundly relevant to the difficult world in which we live
