Sample Book Insights 1 Greenland's name is often blamed on a Viking named Erik the Red who exiled himself from nearby Iceland in the year 982 after he killed two men in a neighborhood dispute He named his discovery Greenland in the belief that a good name would encourage his countrymen to settle there with him But the ploy didn't work 2 Greenland is the world's loneliest place It has the lowest population density of any country or dependent territory It is three times the size of France and it occupies more than twice the area of the second largest island New Guinea 3 For centuries Greenland was largely ignored by the world But in the 20th century it was seen as a potential Nazi staging ground and springboard for a blitzkrieg or lightning war with a ground invasion of the United States and Canada 4 Allied planners feared that Germany would establish weather stations in Greenland that could be used to guide Luftwaffe bombing runs over Great Britain and the Continent
