**Everything, Beautiful** Ella Frances Sanders, 2022-08-23 From the New York Times bestselling author of *Eating the Sun* and *Lost in Translation* a gorgeously illustrated love letter to everything that is beautiful and a manifesto for those who are struggling to remember or recognize what beauty is People are increasingly baffled as to what they can call beautiful what they should call beautiful and whether or not they are able to apply beautiful to themselves or to the things around them Our outdated yet hugely pervasive modern notions of beauty provide one of the greatest sadnesses of all an intensely human emptiness that we are mistakenly trying to fill with objects and hollow promises To be able to find our way back to beauty is a deceptively urgent task in the world today Everyone deserves revelations the kind that are daily hugely personal and very often ephemeral We are surrounded by beauty beauty

that isn't something we can buy spiderwebs only seen in the sunlight the greenish glow of a fox's eyes watching in the dark or the comforting screech of the subway that takes you to your many futures Part meditation part self help guide and part interactive journal Everything Beautiful explores what beauty is why it matters and how we can find it in our everyday lives Filled with thoughtful intimate and brilliant insights inspirational quotes breathtaking illustrations and space for readers to write draw and reflect on their own ideas of beauty Everything Beautiful is for anyone who feels they cannot point to beauty any longer are struggling to see it or feel that it has left them behind

[Far Away and Long Ago: A History of My Early Life](#) William Henry Hudson, 2025-03-29 Far Away and Long Ago A History of My Early Life by W H Hudson is a luminous naturalist memoir that transports readers to the Argentine pampas of the 1850s where the author spent his extraordinary childhood This 19th century autobiography written when Hudson was seventy six vibrates with youthful wonder as it reconstructs his formative years amid the untamed landscapes and colonial outposts of South America The

narrative unfolds through Hudson's dual lenses the wide-eyed boy discovering the pampas teeming wildlife from ovenbirds to pumas and the seasoned naturalist reflecting on how these encounters shaped his life's work Vignettes alternate between ecological observations like his account of riding through locust plagues and colonial life portraits gaucho knife fights British expatriate eccentricities and indigenous horse tamers A pivotal chapter details Hudson's near-fatal childhood illness that awakened his preternatural sensitivity to nature's voices What elevates this beyond typical nature writing is Hudson's unsentimental yet poetic style His description of watching a flock of plovers moving like a gray cloud demonstrates the precise observation that later influenced conservationists The memoir's second half darkens as Hudson witnesses the pampas transformation by European settlers an early ecological lament that makes this a foundational text in environmental literature
