 Gerald Abraham, 2013-04-18 Gerald Abraham's reputation as an authority on Russian music has tended to obscure his deep interest in the music of Poland and Czechoslovakia and of the nineteenth century generally. From a lifetime's devoted scholarship in these fields Abraham selected his best work to make up this volume first published in 1968, one of exceptional breadth and fascination. The subjects range from the relationship of Slavonic music to the western world to detailed essays on figures such as Chopin, Dvořák, Rubinstein and Mussorgsky. A study of realism in Janáček's operas contains a particularly fine analysis of *From a House of the Dead* and there is an account of the fantastic erotic diary for piano in which Zdeněk Fibich, one of the finest nineteenth-century Czech symphonists, recorded the secrets of his love affair with former student and librettist Anežka Schulzová. Gerald Abraham 1904-1988 was a distinguished musicologist; among his official posts those of Professor of Music at the University of Liverpool and Assistant Controller of Music at the BBC. *The Bach Cello Suites*
 Steven Isserlis, 2021-10-05 A unique Companion to J. S. Bach's iconic Cello Suites from internationally renowned cellist Steven Isserlis. Isserlis is the master of the material yet always able to make it accessible. It is an absolute treat to be led to this sublime music by such an enthusiastic expert. MICHAEL PALIN: The book I've always wanted: an accessible, eloquent guide to the world's greatest and maybe most elusive pieces of music. And written by the man I'd want to tell me about it. This is such a delight. DERREN BROWN: Illuminating. OBSERVER: Striking. THE SPECTATOR: Bach's six Cello Suites are among the most cherished of all the works in the classical music literature. Shrouded in mystery, they were largely unknown for some two hundred years after their composition; they have acquired a magical aura which continues to attract and fascinate audiences the world over. To cellists they represent a musical bible; to listeners, scarcely less. Through what are on the surface simple dance suites, Bach takes us on a spiritual journey like no other, leading us from joy to tragedy, concluding in jubilation, even triumph. Award-winning international cellist Steven Isserlis, whose recent recording of the Suites met with the highest critical acclaim, goes deep into that emotional journey, bringing to bear all his many years' experience of performing the Suites. His book is intended as a rewarding companion for all music lovers, ranging from the casual listener to the performing musician. By offering his own very personal observations of the music, Isserlis's aim is to take the reader further into the world of the Suites, in order to enhance the experience of hearing some of the greatest works ever composed. Praise for Steven Isserlis: BACH: THE CELLO SUITES. The most wonderful cello playing surely among the most consistently beautiful to have been heard in this demanding music. GRAMOPHONE: Isserlis has done the impossible. He has given the listener something new and indeed something outstandingly good. This recording can sit proudly on the shelf alongside the great recordings of Casals and Rostropovich. In fact, I may find myself picking it up as the favourite. BBC RADIO 3 **Music for Life** Fiona Maddocks, 2016-10-04 How does music reflect the key moments in our lives? How do we choose the works that inspire, delight, comfort or console? Fiona Maddocks selects 100 classical works from across nine centuries, arguing passionately and persuasively.

and at times obstinately for their inclusion putting each work in its cultural and musical context discussing omissions suggesting alternatives and always putting the music first

The Cambridge History of Musical Performance Colin Lawson, Robin Stowell, 2012-02-16 The intricacies and challenges of musical performance have recently attracted the attention of writers and scholars to a greater extent than ever before Research into the performer's experience has begun to explore such areas as practice techniques performance anxiety and memorisation as well as many other professional issues Historical performance practice has been the subject of lively debate way beyond academic circles mirroring its high profile in the recording studio and the concert hall Reflecting the strong ongoing interest in the role of performers and performance this History brings together research from leading scholars and historians and importantly features contributions from accomplished performers whose practical experiences give the volume a unique vitality Moving the focus away from the composers and onto the musicians responsible for bringing the music to life this History presents a fresh integrated and innovative perspective on performance history and practice from the earliest times to today

The Practicalities of Producing the Play Mozart, with Music by Franz von Suppé Lucinda Bray, Dario Salvi, 2019-09-24 In 1854 the originator of Viennese Operetta Franz von Supp created the music for a new play by Leonhart Wohlmut It is part of a forgotten art form where the music underlines and accompanies the action on stage in a similar way to a soundtrack for a film While the music works very well in the present day the real challenge is to modernise the script to make it relevant and interesting for a modern audience Originally written in early 19th century German the script sounds outdated and received a less than positive reception at its original outing Its dialogue is more in keeping with Opera and required significant work to make it palatable to a contemporary audience The project on which this book is based maintained the music by Supp as indicated in the manuscript score while translating and adapting the German script by Wohlmut into a version more interesting in the present day

Mozart and His Operas David Cairns, 2006 A noted music critic weaves a brilliantly engaging narrative which puts Mozart's operas in the context of his life showing how they illuminate his creativity as a whole
