**The Book of Noodles** W. A. Clouston, 2020-09-28      Fifteenth-Century Studies William C. McDonald, Edelgard E. DuBruck, 2000-03 Founded in 1977 as the publication organ for the Fifteenth Century Symposium Fifteenth Century Studies has appeared annually since then It publishes essays on all aspects of life in the fifteenth century including medicine philosophy painting religion science philology history theater ritual and custom music and poetry The editors strive to do justice to the most contested medieval century a period that is the stepchild of research The period defies consensus on fundamental issues some dispute in fact whether the fifteenth century belonged to the Middle Ages at all arguing that it was a period of transition a passage to modern times At issue therefore is the very tenor of an age that stood under the tripartite influence of Gutenberg the Turks and Columbus Volume 25 offers a rich palette of art theology literature and aesthetics of the 15th century ranging geographically from the British Isles to Tibet and thematically from witch trials and beast epic to early modern science and a definition of courtliness Four studies on theatre make dramatic art the point of emphasis in volume 25 Clifford Davidson s on mystery plays Jörn Bockmann and Judith Klinger s on the English *Secunda pastorum* Michelle M Butler s on the York and Townley pageants and Jean Marc Pastr s on the carnival plays Included as standard features are Edelgard DuBruck s article on the current state of fifteenth century research and a book review section William C McDonald is professor of German at the University of Virginia Edelgard E DuBruck is professor in the Modern Languages Department at Marygrove College Detroit Michigan      A History of Caricature and Grotesque in Literature and Art Thomas Wright, 1865      **A History of Caricature & Grotesque in Literature and Art** Thomas Wright, 1865      **The Book of Noodles** William Alexander Clouston, 1888 William Alexander Clouston 1843 1896 was a famous British Folklorist He contributed to valuable studies combining Eastern traditional literature with Norse and Western Folklore His works include *The Book of Noodles* *Stories of Simpletons or Fools and Their Follies* 1888 *Flowers from a Persian Garden and Other Papers* 1890 and *Book of Wise Sayings* 1893 LIKE popular tales in general the original sources of stories of simpletons are for the most part not traceable The old Greek jests of this class had doubtless been floating about among different peoples long before they were reduced to writing The only tales and apologues of noodles or stupid folk to which an approximate date can be assigned are those found in the early Buddhist books especially in the J takas or Birth stories which are said to have been related to his disciples by Gautama the illustrious founder of Buddhism as incidents which occurred to himself and others in former births and were afterwards put into a literary form by his followers      *Flowers from a Persian Garden and Other Papers* W.A. Département des manuscrits,1845      **Comedy in Arthurian Literature** Keith Busby,Roger Dalrymple,2002-12 Articles on comedy in Arthurian romance French Dutch Italian Scottish and English The texts analyzed underline the wide dissemination of the Arthurian story in medieval and post medieval

Europe from Scotland to Italy while the various analyses of the manifestations of comedy refute the notion of romance as a humourless genre. Indeed the comic treatment of conventional themes and motifs appears to be not only characteristic of later romance but an essential element of the genre from its beginnings and from its earliest development. Authors of Arthurian romance from Chr tien de Troyes to Malory writing in French Italian Middle Dutch and Middle English and the creators of an Irish prose tale all question the fundamental assumptions of romance and romance values through the medium of comedy. The theme of comedy in Arthurian romance has been developed from the original session at the Arthurian Congress in Toulouse. While he achieved fame during his lifetime as an author philosopher and astronomer composing a scientific treatise on the astrolabe for his ten year old son Lewis Chaucer also maintained an active career in the civil service as a bureaucrat courtier and diplomat. Among his many works are *The Book of the Duchess* *The House of Fame* *The Legend of Good Women* and *Troilus and Criseyde*. He is best known today for *The Canterbury Tales*.
