Shrink Tim Suttle,2014-09-02 Among followers of Jesus, great is often the enemy of good. The drive to be great, to be a success by the standards of the world, often crowds out the qualities of goodness, virtue, and faithfulness that should define the central focus of Christian leadership. In the culture of today's church, successful leadership is often judged by what works, while persistent faithfulness takes a back seat. If a ministry doesn't produce results, it is dropped. If people don't respond, we move on. This pursuit of greatness exerts a crushing pressure on the local church and creates a consuming anxiety in its leaders. In their pursuit of this warped vision of greatness, church leaders end up embracing a leadership narrative that runs counter to the sacrificial call of the gospel story. When church leaders focus on faithfulness to God and the gospel, however, it's always a kingdom win, regardless of the visible results of their ministry. John the Baptist modeled this kind of leadership. As John's disciples crossed the Jordan River to follow after Jesus, John freely released them to a greater calling than following him. Speaking of Jesus, John said, "He must increase, but I must decrease." Joyfully satisfied to have been faithful to his calling, John knew that the size and scope of his ministry would be determined by the will of the Father, not his own will. Following the example of John the Baptist and with a careful look at the teaching of Scripture, Tim Suttle dares church leaders to risk failure by chasing the vision God has given them, no matter how small it might seem, instead of pursuing the broad path of pragmatism that leads to fame and numerical success.

Branding Berlin Katrina Sark,2023-07-21 This book is a cultural history of post-Wall urban, social, political, and cultural transformations in Berlin. *Branding Berlin: From Division to the Cultural Capital of Europe* presents a cultural analysis of Berlin's cultural production, including literature, film, memoirs, and non-fiction works, art, media, urban branding campaigns, and cultural diversity initiatives put forth by the Berlin Senate, and allows readers to understand the various changes that transformed the formerly divided city of voids into a hip cultural capital. The book examines Berlin's branding, urban economic development, and its search for a post-Wall identity by focusing on manifestations of nostalgic longing in documentary films and other cultural products. Building on the sociological research of urban branding and linking it with an interpretive analysis of cultural products generated in Berlin during that time, the author examines the intersections and tensions between the nostalgic views of the past and the branded images of Berlin's present and future. This insightful and innovative work will interest scholars and students of cultural and media studies, branding and advertising, urban communication, film studies,
