Managing Information Technology Resources and Applications in the World Economy Information Resources Management Association. International Conference, 1997-01-01 This Proceedings contains many research and practical papers dealing with the impact and influence of information technology on the global economy **Dynamic Models for Knowledge-Driven Organizations** Jennex, Murray E., 2012-11-30 Since knowledge systems and knowledge management programs are put in place to monitor workers in the performance of their jobs knowledge is therefore an essential component in the achievement of goals and production of economic benefit of an organization Dynamic Models for Knowledge Driven Organizations presents a widespread collection of research on the understanding of the managerial technical and human issues associated with the use of knowledge in organizations while bearing in mind the design development and maintenance of useful knowledge management systems This reference is essential for the tools and information needed to effectively implement knowledge management systems and would benefit researchers and practitioners alike Disposition of Air Force Records United States. Department of the Air Force, 1992 **Challenges and Opportunities for Women, Parenting, and Child Development** Silton, Nava R., 2024-07-22 In contemporary academia the multifaceted roles of women and the unique challenges they encounter throughout their lives and motherhood are often understudied and overlooked

Issues ranging from everyday struggles faced by immigrant women to the profound effects of domestic abuse disability and disordered eating on maternal well being and child development persist in the shadows of scholarly exploration This lack of comprehensive research not only hinders our understanding of women s vital contributions to society but also deprives us of the knowledge required to address these challenges effectively Challenges and Opportunities for Women Parenting and Child Development is a groundbreaking book that fills the void in academic literature offering a comprehensive exploration of women s lived experiences strengths and vulnerabilities in the present day It provides a holistic perspective on women s roles in society and motherhood from their early development to the unique challenges they face during pregnancy infertility and raising children with disabilities Scholars researchers and individuals interested in the intricate study of women motherhood femininity and child development will find this book to be an invaluable resource **Wiley Series 26**
